## Greetings from the President

Members of the Georgia Health Sciences Library Association,

Time flies! Here we are at the beginning of August and I hope this finds you having a productive and fulfilling year. Our meeting this past March seems so far away, but I'm happy to report that it was a successful and informative event. Our theme was *Meaningful connections: Cultivating partnerships for better health* and the presenters did not disappoint in showcasing ways to collaborate and communicate with key stakeholders and patrons.

Tara Douglas-Williams (Morehouse) and Sandra Franklin (Emory) provided a wonderful overview on "Essential Connections: Integrating Informatics to Enhance Collaboration". Steve Wagner, from the Children's Foundation, gave a lively talk entitled "Will you go out with me?" (Lessons in communication and relationship building that we can learn from middle school dating). After lunch and spending time with our vendors (we're very grateful for their financial support!), T. Scott Plutchak (UA - Birmingham), our Miriam Libbey Lecturer, posed a number of thought-provoking questions as to the attitudes of and relationships between librarians and publishers. Todd Prusin (GSU) facilitated a panel discussion on "Clinical Librarianship and Department Liaisons" with clinicians from Atlanta Medical Center, Children's, and Mercer University that highlighted various services provided by librarians "outside of the library". The next day, Anne Gilliland (formerly of OSU, now UNC) taught a useful class, "Copyright for Health Sciences Librarians". With her dual background in law and health sciences libraries, she was able to answer many of our "burning" questions about copyright and fair use in terms of teaching and sharing electronic resources.

A very special thanks to Todd Prusin, Liz Marvel, Skye Bickett, Kate Daniels, and Anne Kramer for their support and assistance putting this meeting together and helping it run smoothly!

So, that brings us to next year's meeting! Tara Douglas-Williams, the Program Chair, is hard at work putting together an agenda that is sure to inform, educate, and inspire. Using input received after March's meeting survey, it has been decided that the location will be 1-2 hours outside of the Atlanta area. We will be staying with the 1-day meeting format with a CE class offered the following day. The exact date and location will be

*(Greetings continued on page 2)*

announced shortly. As requested, we will make every effort to get the final agenda and registration form to you by the end of the year.

We are still in need of Chairs for the Outreach and Continuing Education committees; please contact me if you're interested. If you haven't served as a Chair before, don't let this keep you from stepping up. Enthusiasm, curiosity, and a desire to learn and share is all you need!

Thank you,  
Emily Lawson, President
