### **Roundtable: Successful Collaboration For Events**

- What are your experiences planning and hosting events at your library?
- Have you planned an event that required collaboration with other departments or units at your institution?
- Join us to share your experiences, challenges, and effective practices for planning events and for working with other departments.

To successfully participate in this meeting, come a little early and test your speakers and microphone, or use a phone for the audio. If you can, use a web camera; seeing one another will make discussions more engaging.
