

ATLANTA HEALTH LIBRARIES CONSORTIUM MEETING
Thursday, October 31, 1974

A meeting was held at Georgia Mental Health Institute at 3:15 p.m. on Thursday, October 31, 1974, with the following present:

Jane Bumgarner	Marilyn Gibbs
Cathy Chewning	Steve Koplan
Fay Evatt	Ann Martin

The purpose of the meeting was to form a consortium of health science libraries in the Atlanta area.

Steve Koplan was named chairman of the group and Jane Bumgarner, secretary.

Steve Koplan said that he had received advice and literature from Eloise Foster. The chairman advised that we must first identify our main common problem and work on it.

We discussed our ideas of what we expect and want from a consortium. Ann Martin expressed a common concern - that we must start working on providing ourselves with services now provided by Emory, so that if and when Emory's services are no longer available without charge, we will be prepared.

The following telegram was worded to voice our opposition to the library copying section of Senate Bill 1361 concerning copyright law:

"Oppose Senate Library Copyright Bill 1361.
Passage would hinder advances in education,
medicine, patient care." [has since been
revised]

We agreed that each of us would personally send the telegram or mailgram to our congressman, and would encourage others in our institutions to do so. Cathy Chewning volunteered to find the addresses of Ben Blackburn and Andrew Young and contact us.

Steve Koplan advised us that Miriam Libbey had suggested we complete one small project rather than beginning to work in many areas. We discussed possible initial efforts. Cathy Chewning said that an interest has been expressed in getting a medline terminal at Mercer University School of Pharmacy which could be used by other Consortium members. We also discussed the need for a Union List of Periodical Holdings of Atlanta area libraries. We decided that the first step toward a list was for each of us to prepare periodical holdings lists of our respective libraries. We did not set a time limit but agreed to work on compiling holdings lists.

A statement of purpose was worded by Marilyn Gibbs:

"A group of health science librarians from the Atlanta area is attempting to form a library consortium, the goal of which is to contribute to the higher quality of medical education and patient care through cooperative use of resources."

The next meeting will be held at St. Joseph's Infirmary on November 21 at 3:00 p.m.

The meeting was adjourned at 4:30.

Respectfully submitted:

ATLANTA HEALTH LIBRARIES CONSORTIUM MEETING
Thursday, November 21, 1974

The meeting was held at St. Joseph's Infirmary on Thursday, November 21, with the following present:

Miriam Boland	Steve Koplan
Jane Ungarner	Ann Martin
Cathy Chewning	Linda O'Callaghan
Fay Evatt	Jane Sencer
Marilyn Gibbs	

The meeting was called to order at 3:00 p.m.

Chairman, Steve Koplan reported on his trip to the Medical University of South Carolina Library in Charleston. He was particularly impressed by the learning resource center.

Ann Martin distributed periodicals holdings lists of St. Joseph's library. Cathy Chewning asked if we are to follow any particular format in making the lists. Ann and Fay used Emory's holdings list as a guide.

The status of the copyright bill was discussed. There was some uncertainty as to whether the bill has already passed the House or not. Jane Sencer will report on the Bill at the next meeting. Ann Martin received a reply from Senator Talmadge in response to her message concerning the bill.

The question was raised as to the number of medical libraries in the Atlanta area. Linda O'Callaghan said she would give us a number at the next meeting. We discussed the current status of the "organization." The "Atlanta Health Libraries Consortium" is still in a planning stage. We neither consider it a formal organization nor see ourselves as "members." We are, at this point, a planning group.

Ann Martin expressed the feeling that we should have input from Emory's medical library and SERMLP in our planning. Steve will ask Eloise Foster to our next meeting.

Marilyn Gibbs wondered what other institutions are doing in the realm of patient education. She will report on this at the next meeting. The possibility of the Georgia Regional Medical Television Network incorporating patient education videotapes in their collection was mentioned.

We decided to set regular monthly meeting times of the third Thursday at 3:00 p.m. We will not meet in December.

Some problems concerning Interlibrary Loans between our institutions were discussed. Jane Sencer and Marilyn Gibbs felt that, being in new libraries, they would be requesting more items than they could reciprocate. As a trial, to see how many of their requests could be filled from other AHLC institutions and to see what the number of requests would be, we decided for Marilyn and Jane to try to get Interlibrary Loans from AHLC libraries until the January 16 meeting. Requests will be

made by phone, and the lending libraries will record the number of requests received and filled.

We talked about the problem of old materials. Jane Bumgarner is having a book sale to try to get rid of discarded books and will report the results at the next meeting.

The next meeting will be held at Piedmont Hospital on January 16th at 3:00 p.m.

The meeting was adjourned at 5:00 p.m.

Respectfully submitted:

ATLANTA HEALTH LIBRARIES CONSORTIUM MEETING
Thursday, January 16, 1975

The meeting was held on Thursday, January 16, at Piedmont Hospital with the following present:

Miriam Boland	Eloise Foster
Jane Bumgarner	Marilyn Gibbs
Sandra Chaff	Steve Koplan
Cathy Chewning	Ann Martin
Fay Evatt	Linda O'Callahan

The meeting was called to order at 3:00 p.m.

The Chariman asked for reports on how many Interlibrary Loan requests were filled for Northside and DeKalb from within the group. The following information was given:

	Dekalb	Northside	Other
Ga. Baptist, Medical	4	1	2
Ga. Baptist, Nursing		1	
Ga. Dept. Human Resources	5		
Ga. Mental Health	1	1	
Piedmont	15	7	
St. Josephs	3		

Marilyn Gibbs reported that she had received about 28 Interlibrary Loans from Emory and 27 from the Consortium.

Everyone was satisfied with the borrowing and lending arrangement. We decided that we would all call Consortium libraries for Interlibrary Loans when possible for the next month.

Periodical holdings lists were distributed for Georgia Department of Human Resources; Georgia Baptist, Nursing; Mercer, and Piedmont libraries.

Miriam Boland suggested that we bring address labels to the next meeting.

Linda O'Callahan distributed a list of health libraries in the Atlanta area.

Fay Evatt offered to share any of her search information with members of the group.

Eloise Foster and Sandra Chaff from the Southeastern Regional Medical Library Program attended the meeting. Eloise told us about possible future plans concerning quotas and restricted lists for Interlibrary Loans.

Steve Koplan brought up the fact that GMHI receives no free Interlibrary Loans from SERMLP. Eloise explained that requests from institutions associated with Emory could not be filled without charge. These institutions include GMHI, Crawford Long, and the Veteran's Administration Hospital.

Cathy Chewing reported that Mercer and Georgia Baptist's Nursing and Medical libraries are looking into co-operative ordering, binding, and retention of journals.

The Chairman read a letter he had received from Senator Talmadge concerning the copyright bill. According to the letter, the bill died with the adjournment of the 93rd Congress.

Marilyn Gibbs reported that Emory does not have a patient education program at this time. Ann Martin said she saw an article about a medical library for patients in California.

Eloise Foster talked about videotapes which are now available from the Georgia Medical Television Network. It is not certain if a/v materials will, in the future, be made available on Interlibrary Loan.

Steve Koplan suggested, on behalf of Jane Sencer, that we exchange duplicate journal lists among the Consortium members before submitting them to the MLA Exchange.

The next meeting will be held at Mercer on February 20th.

The meeting was adjourned at 5:00 p.m.

Respectfully submitted,

Atlanta Health Libraries Consortium Meeting
Thursday, March 20, 1975

The meeting was held on Thursday, March 20, at Georgia Baptist Hospital and School of Nursing, with the following present:

Miriam Boland	Elizabeth Jackson
Jane Bumgarner	Steve Koplan
Cathy Chewning	Ann Martin
Fay Evatt	Linda O'Callahan
Marilynn Gibbs	Mariel Smith

The meeting was called to order at 3:00. Mr. R. L. Zwald, Assistant Administrator at Georgia Baptist greeted the group.

The Chairman asked for the report of the "Union List Task Force," established for the purpose of determining what we want and what we can afford in the way of a union list of periodical holdings of Atlanta area libraries. Cathy Chewning reported the task force recommendations:

- 1) that all Atlanta area health libraries participate in the Union List and join the consortium.
- 2) that the format include title, place of publication, and starting date of title, abbreviation of libraries having holdings and brief note of volume held (beginning date and closing date, no note of missing volumes).
- 3) that the number of titles to be included in the list be determined so that we can estimate the cost of the list.
- 4) that we be certain all participating libraries will receive administrative support and will be able to contribute the necessary \$40-\$70.

The first recommendation initiated a great deal of discussion as to whether we are ready to expand the group. Cathy Chewning moved that the pilot group begin expanding to include all interested area health libraries. The motion was seconded and approved.

There was further discussion concerning the pros and cons of an enlarged group, the best time to invite new members, the method of approaching potential members, and guidelines for determining membership.

It was decided that we do want to expand but need more time to plan. We hope to have potential members at the May meeting, and will draft a letter to potential members at the next (April) meeting. Everyone is to bring ideas on what to include in the letter.

The Chairman mentioned that there has been talk of forming a local MLA chapter. He will ask Ed D'Anna to report to us, at the next meeting, what a local chapter would do and how it would affect the Consortium.

Steve Koplan read a letter he received from the Academic Consortia for Higher Education.

Steve reported on a meeting he attended at Emory concerning censorship. He suggested that we might set up a task force on photocopy and/or legislation. It was felt this might be an area we could concentrate on later but that we need, now, to focus on organizing the group.

Steve read a New York Times article on photocopy and a letter of reply he had drafted. The group thought his letter was good and should be sent.

Fay Evatt distributed a revised flexible consortium list.

The next meeting will be a luncheon meeting at Northside Hospital on April 24th. Mariel Smith will notify us of the time.

The meeting was adjourned at 4:45 p.m.

Atlanta Health Libraries Consortium Meeting
April 24, 1975

A luncheon meeting was held on Thursday, April 24, 1975 at Northside Hospital with the following present:

Miriam Boland	Steve Koplan
Jane Bumgarner	Ann Martin
Cathy Chewning	Linda O'Callahan
Ed D'Anna	Jane Sencer
Marilyn Gibbs	Mariel Smith

The meeting was called to order at 1:30. Mr. Chris Clark, Administrator of Northside Hospital, greeted the group.

The Chairman read a letter he received from Carolyn Hall, MLA/SRG meeting Program Committee, asking him to represent the Consortium at the SRG meeting in Gainesville next fall. He has accepted.

Ed D'Anna reported to the group on the possibility of forming a local MLA chapter. Mrs. Libbey feels MLA probably would not encourage a local group at this time. An alternative would be to form a state-wide group of health libraries independent of MLA. There was some discussion of what a state-wide organization would do. Ed will be sending a letter to determine interest in such a group. Whether or not a state-wide organization is formed should not affect the status of AHLC.

Ann Martin asked that we delete Laundry and Institutional Linens from the St. Joseph's periodical holdings list.

We discussed expansion of our group. Steve Koplan suggested that we write our objectives to present to prospective members. The following explanation of AHLC was formulated:

Who: a group of librarians representing health care institutions in the metropolitan Atlanta area.
Why: to be able to exchange materials efficiently and easily, to discuss common problems and improve communication.
How: through monthly meetings

An invitation, including the above introduction, to the next meeting will be sent to prospective members. Different group members will then contact those invited by phone. It was decided to invite the libraries on the list prepared by Linda O'Callahan, with the exception of Georgia State, Dekalb College and Emory Medical libraries. Other smaller libraries, not included on the list, will be asked to participate at a later date.

Steve Koplan reminded the group that Cathy Chewing is the co-chairman and mentioned all the work she has done.

Marilyn Gibbs invited the group to meet on Thursday, May 15, at Dekalb General Hospital library. The meeting will be held at 3:00 p.m.

The meeting was adjourned at 3:00 p.m.

Atlanta Health Libraries Consortium Meeting
May 15, 1975

The meeting was held on Thursday, May 15, 1975, with the following present:

Eugenia Abbey	Maudress Grantham
Jane Bumgarner	Beth Herman
Cathy Chewing	Nellie Johns
Lucy Duke	Steve Koplan
Tish Eubanks	Ann Martin
Marilyn Gibbs	Linda O'Callahan

Steve Koplan called the meeting to order at 3:15. Dr. Harrell, Director of Medical Affairs at DeKalb General, welcomed the group.

The Chairman explained that the main purpose of this month's meeting was to give the new people a chance to find out about the consortium.

Everyone introduced themselves, and Steve told a little about the history of the group. He distributed copies of his article to provide more information about the consortium. We explained that we had all prepared journal holding lists and exchanged them and had been getting any interlibrary loans we could from within the consortium rather than relying completely on Emory. We spoke of some future plans including the compilation of a union list of periodical holdings of consortium libraries. The possibility of the consortium enabling individual libraries to decrease journal holdings and/or subscriptions was mentioned.

The new members told us about the number and type of inter-library loan requests received at their institutions. All the new members, except Tish Eubanks of the Center for Disease Control, felt that their libraries would benefit from being a part of the consortium. It was also felt that the consortium as a whole would benefit from having access to some of the more specialized collections represented. New members who already have periodical holdings lists will send them to consortium members. Original members will send their holdings lists to new members. A new flexible consortium list will be mailed to all original members and new members attending this meeting. It was agreed that all members would provide interlibrary loans when possible. [note: everyone include mailing labels with your address on them with your holdings list if you anticipate requesting any interlibrary loans]

Eugenia Abbey suggested that Fernbank library be invited to join the consortium, since they have access to a computer and might be able to provide free computer time in compiling the union list. She told the group about GLIN (Georgia Library Information Network) which provides reference service and in some cases free interlibrary loans for member libraries. Eugenia also offered to send lists of duplicates of medical journals she receives from the unclaimed mail to anyone interested.

Steve Koplan said he was ordering a book about consortia by the Boston Consortium. He will send ordering information to members when he receives it.

The next meeting will be held on Thursday, June 19, at the Georgia Department of Human Resources. 47 Trinity Ave. Room 321-H

The meeting was adjourned at 4:40 p.m.

Atlanta Health Libraries Consortium Meeting
June 19, 1975

The meeting was held on Thursday, June 19, at the Georgia Department of Human Resources with the following present:

Eugenia Abbey	Steve Koplan
Miriam Boland	Linda Markwell
Jane Bumgarner	Ann Martin
Sandra Chaff	Linda O'Callahan
Fay Evatt	Mariel Smith
Marilyn Gibbs	Karen Thompson
Elizabeth Jackson	

The meeting was called to order at 3:15.

The Chairman welcomed Sandra Chaff and Linda Markwell, Emory's new Interlibrary Loan Librarian. Sandra distributed copies of the new SERMLP Interlibrary Loan guidelines. She went over changes that have been made and answered questions.

The Chairman told the group about the Medical Association of Georgia wanting to establish a system for the purpose of developing libraries in smaller Georgia hospitals. Dr. Nicholas Davies, representing M.A.G. spoke with Mrs. Libbey, Eloise Foster and Tom Basler. They suggested that M.A.G. contact the consortium. There was some discussion as to what our role might be. Elizabeth Jackson felt that a liason should be appointed to express our interest to M.A.G. Jane Bumgarner was appointed liason.

Ann Martin asked if SERMLP activities and the proposed M.A.G. plan would overlap. Sandra Chaff said that consultation and workshops, provided by resource libraries, are being written into the next SERMLP program. She did not think the two plans would necessarily conflict, since the SERMLP program would be instigated by resource libraries and would not be statewide.

The group decided to invite Dr. Davies to our next meeting to tell us more about the M.A.G. proposal.

The Chairman brought up the consortium union list of periodical holdings. Eugenia Abbey said she had been misinformed at the last meeting concerning using Fernbank's computer. Fernbank has access to a computer, but does not have one. It was decided that it would probably be less expensive to have Emory compile the union list for us. Eugenia suggested that we charge ourselves each \$50.00 (or whatever the cost per library turns out to be) for purchasing the union list. She felt it would be

easier to justify money spent on a holdings list than on buying computer time. The group decided to go ahead with the union list. Steve will contact Jean Lee. Contact Steve if you have any questions.

The Chairman appointed a By-Laws task force composed of Eugenia Abbey, Fay Evatt and Ann Martin.

Steve Koplan suggested that the consortium wait until later to produce library-related audio-visual programs.

The Cleveland MLA meeting was reported on by our three attending members: Eugenia Abbey, Steve Koplan and Linda O'Callahan.

It was suggested that we start thinking about co-operative serial ordering for this fall. Ann Martin discovered a relevant article in the April 1974 Bulletin of the Medical Library Association.

Elizabeth Jackson said that the Neighborhood Youth Corps has high school helpers available for \$2.10 per hour.

The next meeting will be held at 3:00, July 17 at St. Joseph's Infirmary.

The meeting was adjourned at 4:30.

The meeting was held on Thursday, July 17, at St. Joseph's Infirmary with the following present:

Miriam Libbey
Ann Martin
Linda O'Callahan
Mariel Smith
Girija Vijay

The meeting was called to order at 3:10.

Sister Kristen, Assistant Administrator of St. Joseph's welcomed the group.

Mrs. Libbey told us about new modifications in the NLM grant programs. The Resource Improvement Grant has two changes: 1) it will no longer be available only to single institutions, consortia also may apply 2) \$4,000 will be awarded the first year, the second year NLM will provide a maximum of \$3,000 per institution if the institution will provide \$1,000 in matching funds. Official guidelines and application forms will be available in the fall.

Steve Koplan read a letter he received from Sara Jean Jackson, moderator of the panel discussion in which Steve has been asked to participate. He told us what he is planning to talk about and asked for suggestions.

Steve talked about his reaction to the West Suburban Hospital Association Consortium book Dynamics of Hospital Consortia and compared our experience with theirs.

The Chairman brought up the question of what our official name should be. The group voted unanimously to call ourselves the "Atlanta Health Science Libraries Consortium".

Cathy Chewning asked if there were any questions concerning the information needed on the periodical union list forms.

The Chairman told us that individual libraries could receive a computer print out of their own periodical holdings for only a few dollars once the master union list is completed.

Nicholas Davies, M.D., Chairman, Education Committee, Medical Association of Georgia and Steve Daniel, Ph.D., Director of Education, Medical Association of Georgia spoke to the group. The emphasis of M.A.G. education activities is on promoting continuing education at community hospitals. There is particular concern for physicians who practice in small hospitals. Dr. Davies and Dr. Daniel feel that one way to improve the opportunities for continuing education in smaller hospitals would be to institute some sort of statewide medical library program. The goal would be to establish libraries and provide library services in every Georgia hospital.

We discussed ways of implementing and organizing such a program. One major drawback, at present, is that there is no statewide medical library organization. Letters to determine interest in forming a statewide group will be sent shortly. Consortium members advised that there be a medical librarian to serve as a back up person for several hospital libraries. Mrs. Libbey said that a medical librarian could be identified in most areas of the state.

Steve Daniel took the names of several consortium members who would be willing to do one-day consultations at small hospitals.

Steve announced that Eloise Foster will be director of libraries at the American Hospital Association starting November 1. She will leave SERMLP around the middle of September. Sandra Chaff is also leaving SERMLP for Philadelphia.

Eugenia Abbey reported that the Bylaws Committee has met and hopes to present a draft of the Bylaws at the next meeting.

Ann Martin suggested that the next meeting be a project meeting for the purpose of co-ordinating our journal subscriptions for 1976. (note from Beth Grosvenor: bring periodical lists, note which titles are currently bound, indicate titles you might like to drop).

The next meeting will be at Northside Hospital, August 21 at 3:00 p.m.

The meeting was adjourned at 4:50.

ATLANTA HEALTH SCIENCE LIBRARIES CONSORTIUM MEETING
Thursday, August 21, 1975

The meeting was held on Thursday, August 21, at Northside Hospital with the following present:

Eugenia Abbey	Janan Henry
Miriam Boland	Steve Koplan
Faye E. Boyer	Ann B. Martin
Cathy Chewning	Linda O'Callaghan
Lucy Duke	Mariel Smith
Marilyn O. Gibbs	

The meeting was called to order at 3:10.

The Chairman called for a report from the Bylaws Committee. Copies of the proposed bylaws were distributed. The group decided to study the bylaws and discuss them at the next meeting.

In a general discussion, limits on interlibrary loans among consortium members were suggested. The consensus was that such limits should be based on common courtesy and common sense, and should be self-imposed.

A discussion of economic problems facing consortium members during the coming year lead to conversation concerning (1) policies on lending library materials, (2) bound journals versus microfiche, and (3) deterrents to theft in libraries.

It was decided that joint subscriptions to journals will not be made as a group this year. If an individual member feels he or she must drop a title, they are to check with other members of the group to see who can back them up.

It was decided that a new consortium member list is needed. The former Fay Evatt, now Fay E. Boyer, cheerfully asked the group to note that change, and Miriam Boland gave her correct phone number at the Georgia Department of Human Resources as 656 - 4969. Cathy Chewning and Linda O'Callaghan volunteered to make the new list.

Plans were discussed for attending the convention of SRG - MLA in Gainesville, Florida on October 1st - 4th.

Steve Koplan announced that the article, "Cooperative Library Services for Atlanta's Hospitals", has been accepted for publication by the Journal of the Medical Association of Georgia.

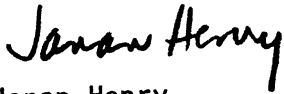

The Union List deadline was August 15th. Many lists have come back judged incomplete, so some revision is anticipated. Cathy Chewning talked with Jean Lee, who reported that many forms have been completely

checked and are punched for the computer. Titles which weren't in data-base have been sent to New York for that purpose. As of that report, two libraries had forms outstanding - Georgia Retardation Center and Georgia Baptist Medical Library. No problems were anticipated with these forms. Mrs. Lee expects the checking copy to be out by early September, pending receipt of the materials from New York. The list should be completed in October.

The next meeting will be held at Mercer University Southern School of Pharmacy on Thursday, September 18th, at 3:00 p.m.

The meeting was adjourned at 4:05.

ATLANTA HEALTH SCIENCE LIBRARIES CONSORTIUM MEETING
Thursday, September 11, 1975

The meeting was held on Thursday, September 11, at Mercer School of Pharmacy with the following present:

Eugenia Abbey	Elizabeth Jackson
Miriam Boland	Steve Koplan
Fay Boyer	Ann Martin
Jane Bumgarner	Linda O'Callahan
Cathy Chewning	Girija Vijay
Beth Grosvenor	

The meeting was called to order at 3:10

Steve Koplan reported on the Union List of Periodical Holdings. Jean Lee now has all the lists except Crawford Long's. The group decided to have Crawford Long's holdings included in the Union List if it is still possible.

Steve read a letter from Nita Shaw concerning the consortium panel discussion at the DRG meeting. He also received a copy of meeting minutes from the Memphis Area Consortium.

The group discussed whether or not we needed a policy on the use of consortium libraries by individuals from other consortium institutions. It was felt that we did not need a policy at this time. All members present said they would welcome other library users. Some libraries cannot provide copying facilities or let people check out materials.

Steve read the speech he has prepared for the Gainesville meeting. Eight consortium members will attend the meeting.

The remainder of the meeting was spent in going over the proposed Bylaws. Cathy Chewning suggested that we think more about Article IV, sections 6 & 8. The rest of the proposed Bylaws and changes made were satisfactory to those present.

A copy of the proposed Bylaws will be sent to Mrs. Libbey. She will be invited to attend the October meeting to share her thoughts on Emory's relationship to the consortium.

Vijay distributed periodical holdings lists and address labels. She requested members to send their address labels to her.

The next meeting will be held at the Georgia Retardation Center on Thursday, October 16th.

The meeting was adjourned at 4:50.

LIBRARY NOTES OCTOBER 1, 1975

The Library Committee at its September meeting reduced the total number of professional journals subscribed to annually for the library. This action which was necessary because of the rate of increase in the price of subscriptions as well as the decrease in the use of certain titles reduced the number of journals currently received by 18. One on-going project of the library is to survey journal titles received by other departments of the hospital, so that they can be cataloged in the library and the holdings recorded.

The Atlanta Health Science Consortium with 14 member libraries and the A. W. Calhoun Library at Emory as supporting member-as is the Southeastern Regional Medical Library Program-has met monthly at different member libraries since October, 1974. Steve Koplan of the Georgia Mental Health Library is chairman. At the last meeting constitution and bylaws were adopted, which give the group an identity. To date with the help and sponsorship of the Technical Processes Department of Emory University a Union List has been completed which will greatly facilitate the location of journals for interlibrary loan. Between July 17 and August 19, 110 interlibrary loans were exchanged between consortium members in addition to the 372 they received from Emory. *During the period 7/19-8/19 St. Joseph's received 26 interlibrary loans from the consortium.* This holds great promise for the future since the number of loans that any given hospital may receive from Emory with out a charge of \$3.00 has been reduced to 250 annually per hospital. Also there is now a list of 40 journal titles which are restricted, so that Emory must always charge for loans from these. However, it is almost always possible to get these from a library within the consortium without charge.

ATLANTA HEALTH SCIENCE LIBRARIES CONSORTIUM MEETING
Wednesday, November 19, 1975

The meeting was held on Wednesday, November 19, at the Georgia Mental Health Institute with the following present:

Eugenia Abbey	Beth Grosvenor
Miriam Boland	Nellie Johns
Fay Boyer	Steve Koplan
Jane Bumgarner	Ann Martin
Cathy Chewning	Linda O'Callaghan
Ed D'Anna	Jennifer Schwerdtfeger
Lucy Duke	Marsie Simpkins
Sue Elkins	Girija Vijay
Marilyn Gibbs	

The meeting was called to order at 3:10.

Cathy Chewning read an article from the Atlanta Journal concerning libraries and emergencies.

Copies of the Bylaws were distributed.

The Chairman appointed a Nominating Committee- Eugenia Abbey, Fay Boyer, and Cathy Chewning.

Marsie Simpkins told the group about the Atlanta-Athens Union Catalogue. The Consortium could not join the Union Catalogue as a group, but individual institutions' membership fees could be included in a grant request. It would also be necessary to request funds to cover the cost of micro-filming the Consortium collections, about 40,000 titles, and the increased equipment and staff required for adding these titles.

Several members expressed interest in getting a medline terminal for Consortium use. Steve Koplan said that it is very hard to get funds for this purpose. Eugenia Abbey pointed out that an already busy library can be overwhelmed with work if a medline terminal is added.

Cathy Chewning reported that Mercer is in the process of establishing a Drug Information Center. There was general agreement that such a center would be of great value to the community, but that it would not directly aid Consortium libraries, since few reference questions concerning drugs are received.

Eugenia Abbey suggested that Bob Kyle, a computer consultant expert in libraries, might be willing to talk to the Consortium about how a computer could help us.

The Chairman stressed that it is not necessary for us to have a completed grant proposal by March 1st. In a general discussion, it was agreed that we need more time to decide on a project that will benefit all Consortium

members. Eugenia Abbey suggested that we take a problem-solving approach and each list some problems in our library for the next meeting.

Marsie Simpkins reported that individual libraries may use the Union Catalogue through GLIN membership. Barbara Bronson of GLIN can be called for more information, 656-2461. There is currently no charge for joining GLIN.

The next meeting will be held January 15th at Crawford Long Hospital.

The meeting was adjourned at 5:00.

Atlanta Health Sciences Libraries Consortium Meeting
Thursday, January 15, 1976

The meeting was held at Crawford Long Hospital on Thursday, January 15, 1976 with the following present:

Eugenia Abbey	Beth Grosvenor
Tom Basler	Steve Koplan
Miriam Boland	Miriam Libbey
Fay Boyer	Ann Martin
Jane Bumgarner	Jenny Schwerdtfeger
Cathy Chewning	Mike Torrente
Sue Elkins	Girija Vijay
Marilyn Gibbs	

The meeting was called to order at 3:20.

The Chairman introduced Tom Basler, Director of Libraries, Medical College of Georgia and Mike Torrente, Assistant Director of the Southeastern Regional Medical Library Program.

Cathy Chewning gave the report of the Nominations Committee (Eugenia Abbey, Fay Boyer, Cathy Chewning). The following slate of officers was recommended:

Cathy Chewning - Chairperson
Marilyn Gibbs - Vice-Chairperson/
Chairperson Elect

The Committee was unable to find anyone willing to accept the office of Secretary.

The Chairman asked for volunteers, and Ann Martin said she would serve as Secretary if she could have some assistance. Sue Elkins offered to help by typing and mailing the minutes.

There were no nominations from the floor.

The Nominating Committee's slate and Ann Martin for Secretary were unanimously elected by voice vote.

The Chairman reported on the status of his journal article. It has not yet been published. Steve was told that it is sometimes a year before accepted articles are published. He has been appointed Representative, Mental Health Librarians Group, Program Committee, American Psychiatric Association, Institute on Hospital and Community Psychiatry.

Cathy Chewning expressed the group's thanks to Steve for all the work he has done during the past 15 months as Chairman.

The Chairman suggested that we spend some time each meeting discussing problems in our libraries.

Some problems and suggestions:

- 1) Overdue materials - send overdue notices, send a bill, contact person's superior
- 2) Stolen materials - mark "LIBRARY" on sides of books with bright magic markers; conduct random security checks
- 3) After-hours use of copy machines and microform printers - remove fuse; purchase small lock which fits on plug.

Eugenia Abbey reported that progress is being made with the VA Library's microfilm project. Many journals will be discarded. A list of these will be sent to consortium members for exchange purposes and to let everyone know of changes in holdings.

Eugenia asked that everyone hold off on Interlibrary Loan requests for at least two weeks. The VA is unable to do any copying. If the VA is the only library that has something, call and they will send the original.

The Chairman asked that everyone submit to the secretary a list of deletions and additions in periodicals.

Eugenia reminded members of the group to be thinking of problems which could be solved with a grant. Bring these ideas to the next meeting.

Ann Martin suggested establishing a central storehouse for old materials.

Mrs. Libbey reported that a consortium has just been formed in Macon. She says that, beginning in March, non-Emory people will need a card or form issued by another library in order to use the A.W. Calhoun Medical Library.

Sara Jure McDavid, Fernbank Science Center Library, will be invited to the next meeting.

The Chairman reported that he and Jane Bumgarner may make a trip to Rome, Georgia to help set up a consortium.

A committee was appointed for the purpose of helping small hospitals in the Atlanta area. (Jane Bumgarner, Marilyn Gibbs, Girija Vijay)

The next meeting will be at Piedmont Hospital on Thursday,
February 19th at 3:00 p.m.

The meeting was adjourned at 5:10 p.m.

Respectfully submitted:

Jane Bumgarner
Secretary, Atlanta Health Science Libraries Consortium

Jane Bumgarner - Piedmont Hospital
Marilyn Gibbs - Dekalb General Hospital
Ann Martin - St. Joseph's Infirmary

Visitors: Sara June McDavid - Fernbank Library
Ione Auston - Grady Hospital Branch Library

-Opening: The meeting was called to order by the chairman.

The minutes were approved as presented to Consortium.

1. Fay Boyer, Georgia Baptist, said that she would mail a revised *Flexible Consortium* list to the members this month.
2. Jane Bungarner of Piedmont announced that she has resigned, effective March 1st. She will go to live in Goldsboro, S. C. Jane has made a major contribution to the development of the Consortium, we will miss her and all wish her every success.

~~Jane announced that~~ ^{who} Margery Waite will be the new librarian at Piedmont. ^{was at the meeting} She is also an R. N. and has been a member of the Inservice Education Department.

3. The Chairman thanked Steve Koplan for his many contributions of the past year and announced that the Journal of the Medical Association of Georgia will publish an article on the Consortium ~~in Steve~~ in the next issue.

4. Cathy read a letter from Eloise Foster extending greetings to the 1st-5th team. Eloise is now at the Library
OK 9/11/9

5. The Chairman opened a ~~discussion~~ ^{A policy for} of Interlibrary Loans ~~as~~ ^{was} a major topic of business ~~for~~ ^{for} ~~the meeting~~: The question is whether to require that some sort form be mailed from the borrowing to the lending library in lieu of ~~a~~ ^{for} phone request. There was extensive discussion before the question was tabled for ^{future} consideration at the March meeting, ~~when~~ ^{when} hopefully a decision will be adopted on the subject.

ATLANTA HEALTH SCIENCE CONSORTIUM MINUTES 2/19/76

6. June McDavid, the Librarian from Fernbank, described the holdings and services of the library as well as the current programs of the center. Reference services in the basic sciences are available to the public. The journal collection includes 300 subscriptions which include 2-3 top titles in each of the life sciences, astronomy, biochemistry and physics.

Ione Auston described the services offered by the Grady Library which serves all categories of Health personnel, except the nursing school. she said that she would be able to supply photocopy of journal articles on an emergency though not on a regular basis. She also has access to the data base services. In discussing the Georgia Regional Medical Television Network she cited the inadequacies of the current Medical Television catalog but said that a new one, which will be better, is soon to be published. She said that all of the conferences held at Grady are taped, and the ^{by the library} video tapes held for a month. At a later date these tapes may be made available to other libraries on a regular basis. /Video tapes were ~~mentioned~~ as a source of patient education and as a means of practicing physicians

7. Eugenia Abbey suggested that we invite Barbara Silver to the next meeting of the Consortium. The Chairman appointed Marilyn Gibbs to invite her and follow up on the invitation.

8. Postal rates: The present rate for LIBRARY MATERIALS is 8¢ for the first lb. and 4¢ for each additional lb. The materials may be mailed to or from Libraries, if marked LIBRARY materials. MATERIALS.

9. Copyright: Present status-- One version of the bill is presently on the floor of the Senate and it is presumed that it will pass as written.

The House bill is still in committee and has received some help from librarians in its formulation so that it will be more acceptable to them.

Both bills will possibly have to go back to committee for reconciliation.

10. The committee which has been exploring projects for a Grant Application (Jane Bumgarner, Giriya Vijay, and Marilyn Gibbs) reported that they have discussed bookmobile services to member libraries of the consortium and small hospital libraries; as well as cooperative acquisition by member libraries of the consortium.

It was the consensus of opinion of the member librarians present that such a project seemed too large for already busy librarians to tackle ^{at this time}

There will be further discussions of possible projects at later meetings.

Adjournment: The meeting adjourned at 5:00 P. M. The next meeting is to be held at the Veteran's Hospital Library, March 18th at 3:00 P.M. The agenda will include further discussion of a policy for Interlibrary Loans and also a discussion of how the member librarians control and catalog Audiovisual materials.

ATLANTA HEALTH SCIENCE CONSORTIUM - MONTHLY MEETING
3:00 P.M. Veterans' Hospital March 11, 1976

Presiding: Cathy Chewning - Chairman

Present: Cathy Chewning - Mercer

Ed D'Anna-Georgia Mental Health Institute
Beth Grosvenor - Georgia Retardation Center
Sue Elkins - Georgia Baptist School of Nursing
Girija Vijay - Crawford W. Long Memorial Hospital
Eugenia Abbey - Veterans' Administration
Marjory Waite - Piedmont
Fay E. Boyer - Georgia Baptist Hospital Medical Library
Steve Koplan - Georgia Mental Health Institute
Jenny Schwerdtfeger - Northside
Miriam Boland - Department of Human Resources
Marilyn Gibbs - Dekalb General Hospital
Jane Bumgarner - Piedmont

Miriam Libbey - Emory

Mike Torrente - SERMLP

Jane Sencer

Virginia Riggina - Atlanta Hospital

The meeting was called to order by the chairman.
The minutes were approved as presented to the Consortium

Order of Business:

1. Jane Sencer ~~was xxxxxxxxxxxxxxxxxx~~, formerly at Northside, made the announcement that she is available to offer consultant services to hospital libraries.
2. Virginia Riggins, the Medical Records Librarian from Atlanta Hospital described the library there which has a large collection in the area of ophthalmology & but subscribes to a limited collection of journals. The speciality of the hospital is elective surgery-- ophthalmology, EENT, and podiatry.
3. Marilyn Gibbs reported on her visit to the Grady School of Nursing Library. She said that Barbara Silver, ^{the} ~~felt that~~ ^{the librarian,} she would be unable to attend the meetings of the Consortium but would like to be associated. She subscribes to about 35 journals but has no photocopy facilities.
4. Jane Bumgarner, who was GUEST OF HONOR since this was her last meeting, arrived, much surprised. She was presented with a memento of our regard--a bottle of champagne hung with silver dollars. We will miss her and wont forget to send her copies of the minutes.
5. Miriam Libbey, from Emory, spoke about the present status of the copyright law ~~xxxxxx~~, which she says is expected to pass in some ~~form~~ ^{form} by June of this year. She has talked to Nina Matheson, head of the M.L.A. Legislative Committee, about the implications for libraries ~~xxxx~~ of section 108 G2 which is presently before the House. (The old form passed the Senate two weeks ago.) Five National Library Associations have been working on the House bill. *Have made recommendation*

Mrs. Libbey suggested that members of the consortium wait to write to members of Congress until the form of the bill is more certain.

Mike Torrenti remarked that SERMLP has not been permitted to lobby for or ~~against~~ the bill since it is affiliated with NLM and HEW. Eugenia Abbey also said that V.A. employees were not permitted to openly support any legislation as representatives of any department of the VA.

6. Marilyn Gibbs reported on the meeting of the North Central Association Association of Hospital Administrators of the Georgia Hospital Association which she and Jane Bumgarner had visited. She ~~xx said that had asked~~^{had} Mr. Pangborn, the chairman, ~~about the possibility of representing the program about the Consortium and hospital library services at some future meeting of the Consortium~~ had agreed for the Consortium to present a program about hospital libraries at some future meeting.

The Chairman appointed Marilyn Gibbs to head a committee to plan the program. Steve Koplan, ~~Margaret~~ ^{Marjorie} Waite, and Jenny Schwerdtfeger, volunteered to serve on the committee with Cathy Chewing ^{as} an ex officio member.

It was suggested that the M.L.A. film be shown at the next meeting of the Consortium and it also be used as ~~an~~ an introduction ~~xxxxxx~~ to the program for the Administrators Association.

7. The Consortium ~~was~~ members discussed the suggestion at the previous meeting that there be a policy on whether a written form for Interlibrary Loans should be required instead of a phone request. It was the consensus of opinion that the practice should continue as it is now. i. e. Interlibrary loans can be requested either~~xx~~in writing or by phone depending on the requirements of the lending library.

8. Audiovisual Materials:

[illegible]

Current organization of Audiovisual materials--particularly hardware was described by several members; Fay Boyer said that she had made a list of all equipment in the hospital for the information of each each department.

Eugenia Abbey said that VA will have a Union Catalog of all hard and software in the hospital.

~~xxxxxx~~ Miriam Libbey discussed the AVLine which identifies audiovisuals by subject and producer. Every~~xxx~~ item listed in the data base has been evaluated.

Sue Elkins suggested that we discuss some plan for the sharing of AV materials between Consortium members. Faye Boyer suggested that we invite Joan Spring to the next meeting to speak to us about the cataloging and classification of AV materials.

9. Miriam Libbey said that the cost of data-base searches were \$3.50 for members of the Emory faculty and \$7.50 for others.

10. The meeting adjourned at 5:00 P.M. The next meeting will be April 15th 3:00 P.M. at the Retardation Center.

The Atlanta Health Science Consortium Monthly Meeting

3:00 p.m. - Georgia Retardation Center

April 15, 1976

PRESIDING: Cathy Chewning - Chairman

PRESENT: Miriam Boland - Department of Human Resources
Sue Elkins - Georgia Baptist School of Nursing
Cathy Chewning - Mercer School of Pharmacy
Steve Kaplan - Georgia Mental Health Institution
Jenny Schwerdtfeger - Northside Hospital
Fay E. Boyer - Georgia Baptist Hospital, Medical
Eugenia Abby - Veterans' Administration Hospital
Girija Vjay - Crawford Long Hospital
Beth Grosvenor - Georgia Retardation Center
Sara Jane McDavid - Fernbank Science Center
Pat MacKay - South Fulton Hospital
Ann Martin - St. Joseph's Infirmary

1. Cathy Chewning called the meeting to order at 3:15 p.m.
The minutes of the last meeting were approved.

Fay Boyer invited the consortium to meet with her May 20, 1976, in the new Georgia Baptist Hospital Medical Library.

2. Georgia Hospital Library Association:

Steve Koplan, Georgia Mental Health Institution, announced the organizational meeting of a State Association of Hospital Librarians May 14, 1976 at 9:00 A.M. at S. M. H. I.

Copyright: Steve also distributed a printout from Mirian Libbey which came from Nina W. Matheson, Chairman, Legislation Committee, Medical Library Association, concerning the status of House Bill S.22, Sub-section 108, G2. The committee had concluded work on the bill, the language of which incorporates the results of "intensive work by the Library Associations over the past several months... and represents a significant step in the right direction." Further communications on this subject will come later with information as to the next steps to be taken. Librarians seem to be protected from damages in copying what they concede as "fair use."

Eugenia Abbey said that she thought that "in-house copying" could be continued but finally each institution should get its own legal advice about the policy of limitations on photocopy.

3. GEORGIA HOSPITAL ASSOCIATION:

Marilyn Gibbs reported that her committee has made progress on plans to present a program at the annual fall meeting of the Georgia Hospital Association in Savannah. The committee will petition Georgia Hospital Association and Medical Association of Georgia for financial support in preparing informative materials about the organization of hospital library services in small hospitals

There was a discussion of the possible preparation of a slide-tape show on library services in a small hospital. Ann Martin was asked to bring the slides taken by Elizabeth Jackson of the St. Joseph's Library to the next consortium meeting. Eugenia Abbey suggested that the consortium formally petition to be included in the program of the meeting of the Georgia Hospital Association in Savannah.

4. NEW MEMBER:

Pat MacKay, Medical Records Librarian, from South Fulton Hospital ~~who~~ described the present library services at her hospital and the need for a professional librarian and expanded service. She will receive a list of members of the consortium and a copy of the union list. We are happy to have her.

5. STATISTICS:

There was a discussion of the different kinds of statistical records kept and for what purpose in the member libraries.

Marilyn Gibbs described a method of recording statistics that would be compatible with data processing. (1 unit = 1 minute) She also records the number of journals received and processed each day.

Eugenia Abbey said that she uses statistics to justify staff increases. She described a 1 week experimental time-motion study.

Cathy Chewning emphasized the increased use of Interlibrary loans by her library. The faculty committee found this increase the justification for a budget increase.

6.

Steve Kaplan read letters from Jane Bumgarner and Linda O'Callaghan.

Their addresses are:

- a. Jane Bumgarner
Route #10, Box 233
Goldsboro, North Carolina 27530

of New Address

b. Linda O'Callaghan

Atlanta Health Science Consortium Minutes, May 20, 1976

Monthly Meeting 3:00 p.m. Georgia Baptist Hospital Medical Library

Presiding: Cathy Chearning, Chairman

Present: Ann Martin, St. Joseph's
Cathy Chearning, Mercer
Sue Elkins, Ga. Baptist School of Nursing
Marilyn Gibbs, DeKalb General
Eugenia Abbey, V.A.
Girija Vijay, Crawford Long
Steve Koplan, Ga. Mental Health
Joanne Billing, Georgia Baptist Medical Library
Fay Boyer, Georgia Baptist Medical Library
Miriam C. Boland, Department of Human Resources
Marjorie Waite, Piedmont Hospital
Nora Garner, Georgia Vascular Clinic
Jenny Schwardtfeger, Northside Hospital
Shanta Shah, Crawford Long
Beth Grosvenor, Georgia Retardation Center

1. The Chairman called the meeting to order. The minutes were approved as presented.
2. The Chairman introduced Nora Garner, Information Specialist from the Georgia Vascular Clinic. Ms. Garner described her work in "literature search".
Girija Vijay introduced her new assistant, Shanta Shah.
3. Letters from J. Bungarner and Linda O'Callaghan were read.
4. Marilyn Gibbs, reporting on the request to M.A.C. and G.H.A. that a presentation on Hospital Libraries be included in the program at the Fall meeting at Savannah, said that the request had not been accepted. However, it was suggested that the consortium have a booth in the exhibit area.
5. A discussion opened of the May 14th meeting of Georgia Health Science Librarians at the Georgia Institute of Mental Health, particularly concerning the feasibility of exchanging the AHSC union list with members of the new association. It was the consensus of opinion of the members of the consortium that in effect the members of the Atlanta Consortium can only serve each other and are not in a position to furnish document delivery outside of the Atlanta area. It was the opinion of the group that libraries in other regions of the state should form their own consortia. It was pointed out that Metro Atlanta includes Kennesaw

and Marietta.

Eugenia Abbey summarized the position on interlibrary loans of the V.A. and stated that some V.A. libraries do not xerox at all because of copyright restrictions. She said also that it might be good to consider affiliating with the A-V consortium at Augusta.

Fay Boyer suggested that rather, the members of the Atlanta consortium prepare lists of A-V software available in their institutions in order to explore the possibility of forming their own A-V consortium exchange list.

6. Library Budgets:

A. A list of charges by the Georgia Tech Library will be attached to the minutes.

B. It was suggested that charges for interlibrary loans be a line item in the budget.

7. Government Documents: Beth Grosvenor discussed continuing difficulties with delivery of Government Documents. Eugenia Abbey suggested that letters to state congressmen might help. Also Bermans - a jobber in Washington - might be of help in expediting Government orders.

8. The Professional Education Committee of the American Cancer Society invited Cathy Chewing to their last meeting. The committee members need to know about continuing education activities in all hospitals in the area.

9. The chairman opened the meeting for discussion.

A. Eugenia Abbey suggested that we discuss goals and objectives at the next meeting which will be at St. Joseph's, June 17th. It was decided to wait until July for that.

B. Beth Grosvenor suggested we exchange lists of library office supplies no longer needed. It was agreed that we bring such a list, a list of duplicate journals for exchange, and the list of the A-V software the the next meeting.

C. An invitation is to be extended to Atlanta University to send a representative to the consortium.

10. The meeting adjourned at 4:30 p.m.

Atlanta Health Science Consortium Minutes.

TIME: 3:00 p.m., Thursday, June 17, 1976

PLACE: St. Joseph's Infirmary - Educational Building

PRESIDING: Marilyn Gibbs.

PRESENT: Marjory Waite - Piedmont Hospital
Jenny Schwerdtfeger - Northside
Pat MacKay - South Fulton
Miriam Boland - Department of Human Resources
Beth Grosvenor - Georgia Retardation Center
Steve Koplan - Georgia Mental Health Association
Sr. Mary Kristen - St. Joseph's Infirmary
Nell J. Carnes - St. Joseph's Infirmary
Pay E. Boyer - Georgia Baptist Medical
Girija Vijay - Crawford W. Long
Marilyn Gibbs - DeKalb General
Ann Martin - St. Joseph's Infirmary
Sue Elkins - Georgia Baptist School of Nursing

CALLED TO ORDER:

Marilyn Gibbs called the meeting to order and introduced Sister Mary Kristen, R.S.M., Assistant Administrator and Mrs. Nell J. Carnes, Director of Continuing Education of St. Joseph's Infirmary.

Sister Kristen welcomed the Consortium and commended its accomplishments during the past year.

Ann Martin played a brief tape and showed a series of slides taken in Russell Bellman Library for Library orientation purposes.

ORDER OF BUSINESS:

1. AUDIO-VISUAL: Library policies on Audiovisual software was the first topic on the agenda. Lists or catalogs of A-V holdings in various member libraries were distributed and loan policies were described by members of the consortium.

The Department of Human Resources maintains a separate film library free to be used by us but publishes a catalog that is not available.

Piedmont will reproduce any video program in its collection for any librarian that can supply a blank video cassette. It has patient information for their own closed circuit T.V.s.

Jenny Schwerdtfeger said that the Northside collection of audio-visual software would be useful only in the local setting.

St. Joseph's Infirmary has their audio-visual collection in Continuing education, according to Nell Carnes. That department decides if a piece of material can circulate.

Marilyn Gibbs offered to compile a catalog of A-V software owned by various member libraries of the consortium and the conditions under which they may be made available to other members.

2. WEETING: Fay Boyer said she would submit lists of books to be disposed of to the consortium before sending them to exchange. She also has had great success selling bound journals, including those donated by the Georgia Baptist Medical Staff. Fay also suggested having members of the library committee approve books to be discarded. She reminded the consortium that out-dated information may be dangerous to the patients.

Marilyn Gibbs in discussing the disposal of little used books made several proposals: 1) A central storage place where the consortium can store little used material. 2) Book sales within the institution. 3) Second hand book dealers.

ADJOURNMENT:

Marilyn Gibbs invited the consortium to meet at DeKalb General, July 15, 1976. The meeting adjourned at 4:45p.m.

Respectfully submitted,

Ann Martin and Sue Elkins

PRESIDING: Cathy Chewning, Chairperson

CALL TO ORDER

Cathy Chewning called the meeting to order and introduced three guests: Patti Corbet from SERMLP, Mary Larsen from Emory Dental Library, and Walter Barry from Crawford Long Library.

1) REPORTS

1. DATA BASES:

Eugenia Abby, V.A. Hospital Library, said that the Georgia Library Information Network (GLIN) has been invited by the Library of Congress to participate in a "National Telephone Reference Service" via a toll-free telephone "hot-line". This includes access to OCLC (Ohio College Library Center). These services will be available to academic and special as well as public librarians.

She also said that NLM is now publishing Serline on microfiche and that this service is free. Mike Torrente commented that the holdings of this data base were probably only 95% accurate.

2. M.L.A. MEETING - MINNEAPOLIS

Eugenia Abby summarized several sessions that she had found significant: She cited two studies of the savings in the out lay for journals: (1) The elimination of little used titles and (2) cooperative acquisition by a group of libraries (or a consortium) which extends the privilege of "Free Medline" to a member library which will agree to take several expensive journal titles that other members may borrow.

Eugenia described a Poster Session on redesigning the hospital library- an inexpensive project that increased library use four-fold.

Concerning the new concept of 'Clinical Librarian,' Patti Corbet of SERMLP Said that she has more information.

Mike Torrente mentioned a new publication by the College of Osteopathy in Chicago. The title is Hospital Libraries. Hospital librarians have been invited to contribute articles.

3. Steve Koplan quoted Resources and Technical Division Newsletter of the American Library Association, June, 1976 about "reported discrimination by certain publishers against libraries who share resources with other libraries. Allegedly those libraries which do not share resources receive preferential treatment although it has been established (Economics and Interaction of the Publisher - Libeary Relationship in the Production of Scholarly Research Journals, Bernard Fry and Herbert S. White, U.S. National Science Foundation Office of Scientific Information Services, November, 1975, p. 12) that there is no factual basis for the charge that library sharing within the Scholarly community hurts sales or is a factor in declining subscriptions.
4. Marilyn Gibbs reported the discussion of A-V Software at the June Meeting of AHSC. It is the present consensus of openion that each member institution needs to structure it's collection and confirm its policies somewhat before any sharing of resources can take place.
5. Marilyn Gibbs also reported that the committee on Hospital Library Development will sponsor booths with exhibitions on the subject. One at the Georgia Hospital Association in Atlanta, December 2nd and 3rd, and one at the Medical Association of Georgia, November 19th and 20th, also in Atlanta

2) DISCUSSION: FIVE YEAR GOALS AND OBJECTIVES

1. Mercer - Cathy Chewing said the School of Pharmacy is now serving a chiefly undergraduate user population. In five years she expects an increase in graduate users.
2. V.A. - Eugenia Abbey cited need of increased space and personnel, computerization of library activity and carpeting for the library to cut down on the noise.
3. G.M.H.I. - Projected need of workshops, coordination of services, coordination of A-V software in one place, patient education and reclassification of the collection according to NLM.
4. FERNBANK - (1) Increase state wide services. (2) Space needs to be met by promise of matching funds for a new building.
5. DEKALB - Also emphasized the need for more space and a leisure reading collection.
6. GEORGIA BAPTIST - Development of audio-visual holdings, publication of a newsletter, and disposal of surplus material.

Mike Torrente cited A. W. Calhoun's need for increased space. He summarized the discussion by saying that hospital library service is relatively inexpensive in relation to the cost of other hospital departments.

ADJOURNMENT:

Marjorie Waite invited the consortium to tour the new facility at Piedmont on Sunday, July 18, 1976, between 1:00 - 5:00 P.M.

Lucy Duke invited the consortium to meet at the Emory Dental School Library at 3:00 P.M., August 19, 1976.

The meeting adjourned at 5:00 P.M.

ATLANTA HEALTH SCIENCE CONSORTIUM MEETING - THURSDAY SEPTEMBER 16, 1976

Time: 3:00 P. M.

Place: Northside Hospital

Presiding: Cathy Chewning

Present: Steve Koplan - GMHI

Cathy Chewning - Mercer

Girija Vijay - Crawford Long

Carol Burns - A. W. Calhoun Library

Patti Corbett - SERMLP

Sue Elkins - Ga. Bapt. School of Nursing

Beth Grosvenor - Ga. Retardation Center

Jenny Schwerdtfeger - Northside

Eugenia Abbey - VA

Fay E. Boyer Ga.-Bapt. Hosp. Medical

Ellen Goldstein - Scottish Rite

Marjorie Waite - Piedmont

Ann Martin - St. Joseph's

Call to Order: Welcome

Minutes

ILL Statistics

Welcome guests: Ellen Goldstein - Scottish Rite; Education Director

Patti Corbet - SERMLP

Carol Burns - Audiovisual Specialist; A. W. Calhoun Library

Reports;

1. Cathy Chewning said that she receives the minutes of the meetings of six consortia in Georgia, South Carolina, and Tennessee.

A. Mid-Tennessee Health Science Librarians - Nashville area

B. Health Science libraries of Central Georgia - Macon area

C. Columbia Medical Librarian Association - South Carolina

D. Association of Memphis Area Health Science Libraries

E. Health Education Library program - Chattanooga area

F. Quad-Cities Health Sciences Libraries Consortium

(Tennessee) - Johnson City, Bristol, Kingsport, Mountain Home

2. Patti Corbett announced that the Georgia Health Science Libraries Association will meet in Macon, November 12.

She is composing a newsletter about the meeting the program which it will begin at 9:30 A. M.

Patti also reported that a study is presently underway at SERMLP which is concerned with how hospital libraries utilize computer facilities located elsewhere in their hospitals.

3. Fay Boyer and Eugenia Abbey said that they would drive their cars to Macon.

4. There will be an informal meeting of members of AHSC who attend Shreveport MLA meeting.

5. Cathy Chewning gave members copies of the Survey of Employment policies in Health Science Libraries based on 14 responses.

6. Steve Hoplan reported on the committee for Hospital Libraries, which will meet September 26 to continue plans for the exhibits at the meeting of MAG and GHA. He said that Majors will furnish books for the display.
7. Discussion of copyright restriction;
 - a. Copy of book illustrations. This was not mentioned in the 1909 law. At the present time audiovisual material falls under the same law as printed matter.
 - b. The new proposed law says that multiple copies are legal for educational purposes. Single reproductions are legal for educational non-profit use.
 - c. If the xeroxing price is set to make a profit, it may be illegal, and has been charged so in a local institution.
8. Carol Burns - Audiovisual Specialist, A. W. Calhoun Library
 - a. Union list of audiovisuals: Is it appropriate?
Possible methods of sharing:
 - (1) Computerized, as the present periodical holding list
 - (2) Swapping individual lists
 - (3) Let one person be the reference center.A sub group from the consortium could be appointed to explore how cooperation is to be best achieved.
 - b. Description of AV services at A. W. Calhoun Library. Mrs. Burns said that they would gladly help members of the consortium with audiovisual problems. She has access to the AV line Data Base. NMAC reference services are being absorbed by NLM.
9. Eugenia Abby brought for display a copy of a union list showing the holdings of 20 (out of 160 VA hospitals). This is a title and subject list. As to the availability of the materials listed, Eugenia said she would be able to lend to consortium members, but could not speak for other VA hospital libraries.
10. Audio cassettes:
Carol Burns and Fay Boyer said that audio digest cassettes were extensively used at Emory and Georgia Baptist. Two weeks was a suggested circulation time.
11. Concerning sources for AV repair, Carol did not recommend any particular one. She said that most biomedical communications directors think that service contracts are "not worth the money". The electronics department of the institution has been quick and satisfactory in most cases. She did recommend that one insist on the repair manual when buying audiovisual hardware. As to the sale of used audio tape, WGKA and WABE may take them "off your hands".
12. Restrictions on tape reproduction:
 1. Under the new law it is permissible to tape live broadcasts.
 2. As a member of GRMTV network any tape in the catalog may (cont'd)

- be duplicated.
3. GRMTV tapes are available for lending at no cost to members of the network.
 4. AV items in the Emory collection are subject to the conditions of any interlibrary loan request.
13. Carol discussed weeding of AV software on the basis of excellence and currency. She mentioned keeping statistics on the use of tape. She also said that continuing education credit is available for physicians who listen to GRMT programs.
 14. Eugenia Abbey reported a study she has done on the basis of the proposed guidelines for the new copyright law. She analyzed VA interlibrary loans for the past year. Her conclusion was that:
 - A. 34 journals were borrowed by the VA more than 5 times last year. It would have cost \$4,381 to have had subscriptions to all of these titles.
 - B. The total cost of all titles not held by Emory would have been \$351.
 - C. Only one was not available in Atlanta - cost \$4.00.
 - D. Subscriptions for journals (4) from which she borrowed 15 times \$969.
 - E. Cost of titles from which she borrowed 10 or more times \$3,151.
 - F. The plan is to be self-monitored. If in the Atlanta area we reach the limit of 5, the patron will have to go the source.
 - G. Individual, rather than institutional subscription to certain journals are often more economical and could be reimbursed from library fund.
 15. Adjournment: 5:00 P. M. The next meeting will be Oct. 21 at the Georgia Baptist Hospital School of Nursing Library.

Call to
order

Cathy Chewning, President, called meeting to order and introduced Louise Bryson, new head of Technical Services at A.W. Calhoun Library, Emory University, and Dot Merriman, Library Assistant, Georgia Baptist Hospital. Cathy announced that Beverly Allen, Medical Science Librarian at Morehouse College, planned to become active in the consortium.

Reports
A. Shreve-
port meeting
of M.L.A.

1. Marjorie Waite commented that she did not find the continuing education course: "Human Factors in Library Education" too helpful.
2. The Consortium meeting was attended by all four Atlanta representatives. They found that "We compared favorably with all the other Consortia represented." i.e. we have a union list/others have grants and are serving as interlibrary loan networks, as we do.

The "circuit librarian" concept was discussed. Some consortia have union lists of monographs (usually a card catalog with one librarian to manage it). Other projects mentioned were educational workshops, coordinated acquisitions, speakers at the consortium meetings from various hospital departments.

3. MEDICAL LIBRARY EDUCATION:

Stressed were "Medical Library Internships," needs for certain types of training - particularly automation, computer and on-the job training as a regular part of library school curriculum.

4. National Library of Medicine Service Up-date:

a. Grants: Resource improvement and Resource Project Grants.

1. Resource Improvement

2. Resource Project

Patti Corbet, SERMLP will bring brochures to explain these grant programs to the next meeting.

B. Hospital Accreditation: standards for hospital libraries were little changed in the 1976 edition of Accreditation Manual for Hospitals. Some state hospitals Associations have established state hospital library standards (see M.L.A. Bulletin, 1975) Patti Corbet will bring a summary of these to the next meeting. It is suggested that hospital librarians become active in state hospital associations. G.H.A. is doing a hospital library survey in conjunction with SERMLP.

C. Copy right:

In order to meet restriction of borrowing only 5 articles from one Journal per year it is suggested that interlibrary loan records be kept in alphabetical order by Journal title. After you exceed 5 articles per year you must pay royalties.

Mrs. Libbey has obtained a copy of the law from Senator Nunn's office.

Eugenia Abbey checked with Nena Matheson at the National Library of Medicine who said that up to 40 copies of an article may be made by a teacher for a class.

D. Committee on Hospital Libraries

Marilyn Gibbs reported about progress of preparing the display for M.A.G. and G.H.A. Janan Henry at Piedmont is drawing posters; Majors supplying books; M.A.G. funds for the supplies. Members of the consortium were asked to sign up for hours when they could be responsible for exhibit.

E. Nominating Committee

This committee will consist of Marilyn Gibbs, president elect, Fay Boyer and Miriam Boland. Marilyn Gibbs was asked to bring a slate of officers to the November 18th meeting - which will be at the Department of Human Resources.

F. Program: A suggestion was made that the host - librarian and the president plan the programs for each meeting.

G. Adjournment: 4:30 P.M. - next meeting to be at the Department of Human Resources Library, Thursday November 18 at 3:00 P.M.

ATLANTA HEALTH SCIENCE CONSORTIUM
MINUTES OF MONTHLY MEETING

Time: November 8, 1976

Place Department of Human Resources

Members Present	Patti Corbet	SERMLP, Emory University
	Anne Campbell	Hall School of Nursing, Northeast Ga., Med. Center, Gainesville, Georgia
	Miriam Boland	Department of Human Resources
	Jane Sencer	Medical Library Consultant
	Beth Grosvenor	Georgia Retardation Center
	Cathy Chewing	Mercer School of Pharmacy
	Eugenia Abbey	V.A. Hospital
	Girija Vijay	Crawford W. Long
	Sue Elkins	Georgia Baptist School of Nursing
	Ann B. Martin	Saint Joseph's

Call to Order: *C. H. S.*
Chewing, Chairman, called the meeting to order, she said that Beverly Allard, the Medical Librarian at Morehouse College, and Faye Schlaff, Medical Record Librarian, from the hospital in Smyrna are interested in participating in the consortium.

Anne Campbell, librarian from the Hall School of Nursing, Hall County Hospital (which is soon to be renamed The Northeast Medical Center) in Gainesville, Georgia, was introduced. Anne had met consortium members at the Macon Meeting of GHSLA and had been invited to attend.

- Reports:
1. Patti Corbet distributed brochures from NLM on Grant Assistance for Medical Libraries.
 2. Cathy Chewing distributed copies of tabulated results of a survey of possible future functions of a consortium.
 3. A proposal to publish a list of the member libraries of the consortium and their policies was tabled until next year.
 4. Cathy presented a copy of the Union List of Periodicals of AHSC which she has up-dated. This will be circulated among member libraries so that all copies may be up-dated.
 5. Duplicate exchange lists from Mary Slack, Librarian, N.W. Georgia regional Hospital, Rome, Georgia and from Girija Vijay, Crawford Long, were distributed.

6. Cathy Chewning's suggestion that a notice be included in an issue of Program Notes, SERMLP, about the organization, membership and functions of AHSC. Was tabled until the next meeting.
7. The chairman announced that the hospital librarian has no responsibility, for monitoring continuing education T.V. programs for A.M.A. credit, only for distributing the tapes.
8. REPORT ON THE MACON MEETING

Jane Sencer summarized the opening session:

1. Mike Torrent explained NLM Grants for Hospital Libraries.
 2. There was a panel discussion "View from the Other Side." in which a nurse, a physician and a hospital administrator gave different points of view about the health care and system.
9. The chairman reported that she and Marjorie Waite had spoken for the consortium offering to host the fall 1977 Meeting of G.H.C.A.
 10. Marilyn Gibbs, chairman-elect, and several other members were not at this meeting. They were at the Omini arranging the Hospital Library Exhibit for the M.A.G. meeting Nov. 19th and 20th. This same exhibit for the will be repeated at the GHA meeting Dec. 3rd and 4th at Peachtree Plaza.
 11. Miriam Boland announced that the nominating committee has selected Eugenia Abbey as Chairman elect and Beth Grosvenor as secretary.
 12. Beth Grosvenor invited the members of the Consortium to a reception to be held at the President's House at Emory, December 2, 1976 by the Hastings Center: Institute of Society, Ethnics and the Life Sciences.

Adjournment: The meeting adjourned at 4:45 P.M. The next meeting will be held on Thursday, January 20th., 1977. The place of the meeting will be announced later.

	Mary Larsen	Emory School of Dentistry
	Ann Martin	St. Joseph's Infirmary

CALL TO
ORDER:

Cathy Chewning, chairman, called the meeting to order at 3:15 p.m. Introductions were made of Sharon Cann, who is replacing Jenny Schwerdtfeger at Northside Hospital, and of Ione Auston, who is at the Grady Branch of the A.W. Calhoun Library.

CORRECTION
TO MINUTES
OF NOVEMBER
MEETING:

On page 2, Item 8, Mike Torrente's name should be corrected from Torrent to Torrente.

REPORTS:

1. Ann Martin reported on the current status of the moving of St. Joseph's Infirmary. Library hours have been considerably shortened and at present there is no heat in the building, but they will attempt to meet consortium requests if we need them. The target date for the move is now November 1977.
2. Fay Boyer announced that the Georgia Baptist Hospital has changed its name to the Georgia Baptist Medical Center. In addition, effective this month, the Drug Information Center is in operation in the library. The extension is 2483, and it is being staffed by Mercer students. They are hoping for a full-time director later in 1977 or 1978.
3. Cathy Chewning reported on the elections of the Georgia Health Science Libraries Association. The following new officers have been elected:

Chairman -	Tony Petrone	-	Medical College of Georgia
Chairman Elect -	Marjorie Waite	-	Piedmont Hospital
Secretary -	Cathy Chewning	-	Mercer School of Pharmacy
Treasurer -	Linda Markwell	-	A.W. Calhoun, Emory

4. Marilyn Gibbs presented the following slate of officers for the coming year as recommended by the nominating committee:

Chairman-Elect - Eugenia Abbey
Secretary - Beth Grosvenor

The nominations were closed and voted upon. (Everybody won!)

5. Marilyn Gibbs reported on our exhibit which was displayed at both the Medical Association of Georgia meeting at the Omni and at the Georgia Hospitals Association meeting at Peachtree Plaza. The response at MAG was disappointing, probably because it was the first year that they had exhibits. The GHA meeting was better, and she talked to several interested people. She was also invited to a Georgia Health Promotion Conference put on by the Department of Physical Training and Health, DHR, and took only a poster to it, but had very good response.
6. General discussion of ways to promote use of libraries and methods of orientation for new employees. Some methods were:
- 1) sending a letter out to new employees
 - 2) handing out a brochure
 - 3) librarian giving brief orientation
 - 4) staff manual
 - 5) make new employees go on a "scavenger hunt" for information, which they find in library materials
 - 6) show value of library by providing service in a clinical librarian program
7. Cathy Chewing brought up the fall meeting of GHSLA. We will be the hosts and a committee will be set up at the next meeting to begin planning.
8. Discussion of the problem of membership in the Consortium - should we actively recruit new members, limit number of members, only admit libraries as they find out about us and ask, encourage persons outside the 5-county metro area to form own consortia and visit ours only to learn how to function. Committee named to study this problem and present alternatives:
- Fay Boyer
Marilyn Gibbs
Sue Elkins
Beth Grosvenor
- Mrs. Libbey mentioned that they are funded to do some consultant work this year and could be instrumental in advising libraries to start consortia in appropriate areas or to hire librarians.
9. Discussion of availability of library materials at night. Some libraries are open, some closed, some have key available for check-out. Security is main problem. Cathy Chewing explained the use of her Tattle-Tape system.
10. Mary Larsen reported that the Governors Conference on Libraries and Information Science has been postponed until September. There is now a July 1 deadline for getting names in of persons who have an interest in library development (not just librarians.)

ADJOURNMENT:

The meeting was adjourned at 4:50pm amidst a round of applause for our outgoing chairman. The next meeting will be February 17 at the Mercer School of Pharmacy.

Respectfully submitted,
Beth Grosvenor, Secretary

ATLANTA HEALTH SCIENCE LIBRARIES CONSORTIUM
MINUTES OF MONTHLY MEETING

TIME: February 24, 1977

PLACE: Mercer School of Pharmacy

PRESENT:	Sue Elkins	Georgia Baptist Medical Center Nursing School
	Beth Grosvenor	Georgia Retardation Center
	Mike Torrente	SERMLP
	Patti Corbett	SERMLP
	Miriam Boland	Department of Human Resources
	Sharon Cann	Northside Hospital
	Elizabeth Jackson	Mercer School of Pharmacy
	Steve Koplan	Georgia Mental Health Institute
	Marilyn Gibbs	Dekalb General Hospital
	Fay E. Boyer	Georgia Baptist Medical Center
	Kathy Alexander	Crawford Long Hospital
	Girija Vijay	Crawford Long Hospital
	Marjory Waite	Piedmont Hospital
	Cathy Chewning	Mercer School of Pharmacy
	Eugenia Abbey	Veteran's Administration Hospital
	Ann Martin	St. Joseph's Infirmary
	Beverly Allen	Morehouse College
	Rebecca Duffey	Morehouse College

TO
ORDER:

Marilyn Gibbs, Chairman, called the meeting to order at 3:10 p.m. Introductions were made of Beverly Allen, Morehouse College, Medical School Library Director and her assistant, Rebecca Duffey, and of Kathy Alexander, the new assistant at Crawford Long. Beverly Allen presented some materials about the School of Medicine at Morehouse College.

REPORTS AND
BUSINESS:

1. Beth Grosvenor reported that the committee on consortium membership had met and had come up with a proposal to amend the by-laws of the consortium. The proposal was handed out and discussed. In addition, the problem of voting on someone's admission while they are present was discussed. The proposed amendment will be voted on at the next meeting.
2. Marilyn Gibbs asked the consortium to consider the possibility of having a program chairman who could coordinate programs and plan in advance for workshops, etc. Eugene Abbey suggested that the Chairman, with the Executive Committee, could handle this function. The group concurred.
3. Marilyn Gibbs appointed a planning committee for the Georgia Health Science Libraries Association Meeting this Fall. The committee is: Marilyn Gibbs, Cathy Chewning, Marjorie Waite, Fay Boyer, Eugenia Abbey, and Sharon Cann.

4. Cathy Chewing reported on the executive meeting of the Georgia Health Science Libraries Association, which Marjorie Wajte also attended. Several items were of interest to the consortium:
 - a) The next meeting of G.H.S.L.A. will be held in Augusta on April 28 & 29. Cathy will be in a workshop on user orientation and needs to hear from all of us on how we orient our users before the meeting.
 - b) Some of the program ideas for future G.H.S.L.A. meetings were:
 - 1) report on the new copyright law
 - 2) acquisitions and weeding
 - 3) computerization
 - 4) M.L.A. certification
 - 5) public relations
 - 6) M.L.A. meeting in Columbia in October
 - c) Election of new officers at the November meeting - nominations should be made before that time
5. Steve Koplan reported that he had received a request for information about our consortium from the University of Wisconsin Medical Center, where they are developing a course. He sent several pieces of information to them.
6. Steve also reported that Gale Research Company is coming out with a new periodic reference guide - Resource Sharing Information Service - and had requested information on our consortium to be included in the book. There was no charge and no obligation to buy.
7. The group discussed the need for information about our consortium and decided that an annual report should be prepared by the secretary consisting of a compilation of statistics and major events.
8. Eugenia Abbey reported on a course to be offered by Special Libraries Association in March called "Dollars and Sense". It is a one-day course on budgeting, given by M. Koenig at Dunfrey's Royal Coach Motor Inn on I-75. The cost is \$40 for members and \$50 for non-members, and reservations should be made through Ginger Rutherford at Fernbank.
9. Eugenia also announced the 40th Annual Southeastern Hospital Conference, April 6-8, 1977, at the World Congress Center. The program is "In the Beginning: The Next 200 Years".
10. Eugenia also offered her assistance to consortium members who need to learn more about MEDLINE. The group agreed that it would be beneficial to have a workshop at the V.A., and this will be our program for the April meeting.

11. Girija Vijay asked for discussion on ways to meet a request for a 5% budget cut. Several suggestions were made, such as:
 - a. Try to coordinate acquisitions of journals and expensive reference tools with another library.
 - b. Cut down on services and/or hours.
 - c. Be sure to make budget manager aware of rising costs of materials and services.
 - d. Ask for an increase rather than a cut in funds.
12. Fay Boyer suggested that we be careful to use more than one library when requesting photoduplications, as too great a burden could easily be put on any of us.
13. Everyone was reminded to continue to pass around the corrected version of the union list.

PROGRAM:

Marilyn Gibbs asked the group to break up into smaller groups and discuss some of the needs and project ideas we have. This was done, with the following ideas resulting:

- a. Make a union list of reference tools, and agree to provide telephone reference service when asked.
- b. Join Emory Union Catalog - look into NLM grant possibilities as this would entail a fee to join it, additional staff for filing, duplication of our cards, and the annual usage fee.
- c. Development of a MEDLINE consortium, where one institution houses the terminal and charges the others to use it.
- d. Coordination of storage.
- e. Coordination of acquisitions for discount.
- f. Inter-library delivery systems - a van?
- g. Development of a union list of audio-visual media.
- h. Develop a Union Catalog for the consortium only.
- i. Coordinate binding to get a discount.

Other general suggestions were to continue our subject specialization, to announce any major purchases to the group, and to inform the secretary of any news items which could be included in or with the minutes.

Marilyn appointed a committee to study the proposed projects, consisting of:

Beth Grosvenor
Eugenia Abbey
Sharon Cann

Ann Martin
Marilyn Gibbs

ADJOURNMENT:

The March meeting will be held at Piedmont Hospital, with a program by Mike Torrente on grants. The meeting was adjourned at 5:15 p.m.

Respectfully Submitted,
Beth Grosvenor, Secretary

	Marilyn Gibbs	Dekalb General Hospital
	Steve Koplan	Georgia Mental Health Institute
	Girija Vijay	Crawford Long Hospital
	John Goode	Piedmont Hospital

CALL TO ORDER: Marilyn Gibbs, Chairman, called the meeting to order at 3:00 p.m. John Goode, Director of Training and Education at Piedmont Hospital, was welcomed as a guest.

REPORTS AND
BUSINESS:

1. Marilyn Gibbs proposed that the membership section of the by-laws be amended. One suggested amendment was "the executive committee shall decide who should be a member." It was decided to simply state that member be in the Atlanta area. This was voted on and passed.
2. Marilyn announced that the Hall County Nursing School had requested membership, but that their request was denied as they are not in the Atlanta area. Morehouse College also requested membership, and was approved.
3. Announcement was made that the committee which is planning the fall meeting of the Georgia Health Sciences Library Association (GHSLA) has been meeting and may be calling on us for help with various items.
4. Carpooling for the Augusta meeting was discussed. More will be mentioned at the next meeting.
5. The Southeastern Hospital Conference will be held in Atlanta on April 6, 7, and 8. We will investigate to see if we can take our exhibit.
6. The American Hospital Association will meet in Atlanta on August 31-September 2.

7. There was discussion of a request by Dr. Nicholas Davies for a location for M.D.'s to donate discarded magazines. Mike Torrente mentioned that Ted Srygley at the Medical School Library at the University of Florida, Gainesville, has such a program going.
8. Patti Corbett announced that there will be an A-V Workshop in Charleston, South Carolina, April 14-15. Julia Nichols is the Medical School librarian there.
9. It was mentioned that it is of value to order the M.L.A. Exchange List to come first class mail, as there is better response to requests when you have the list ahead of everyone else.
10. The Project Committee reported four (4) main projects which they felt should be considered:
 - a. Reference tool list - by title and subject
 - b. Patient Education
 - c. Merger with Atlanta-Athens Union Catalog
 - d. Access to MEDLINE as a consortium

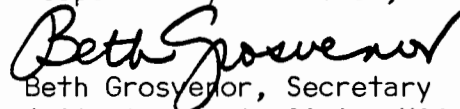

PROGRAM:

Mike Torrente spoke to the group on project funding. He discussed the types of projects which NLM might fund, but mentioned that foundations are also good sources of grant money. OCLC was discussed, and problems with cooperative cataloging and shared cataloging were mentioned. He suggested that we survey consortium members about book budgets and how we do our cataloging before making a decision in this area. The possibilities of having a MEDLINE consortium were explained.

ADJOURNMENT:

Marilyn Gibbs adjourned the meeting at 5:15p.m. and announced that the next meeting would be at the V.A. Hospital on April 21 at 2:00p.m. The earlier time is so that we can have a MEDLINE workshop, led by Eugenia Abbey. We should bring our questions about MEDLINE and possible searches.

Respectfully submitted,

Beth Grosvenor, Secretary
(with thanks to Girija Vijay and
Ann Martin for their notes!)

TIME: April 21, 1977

PLACE: Veteran's Administration Hospital

PRESENT:

Beth Grosvenor	Georgia Retardation Center
Girija Vijay	Crawford Long Memorial Hospital
Marjorie Waite	Piedmont Hospital
Ann Martin	St. Joseph's Infirmary
Sue Elkins	Georgia Baptist Medical Center Nursing School
Miriam Boland	Department of Human Resources
Steve Koplan	Georgia Mental Health Institute
Beverly Allen	Morehouse School of Medicine
Sara June McDavid	Fernbank Science Center

Nancy James	Georgia Baptist Hospital
Fay Boyer	Georgia Baptist Hospital
Fannie B. Hogan	Clark College
Barbara Brice	Clark College
Sharon Cann	Northside Hospital
Eugenia Abbey	Veterans Administration Hospital
Marily Gibbs	Dekalb General Hospital

CALL TO ORDER: Marily Gibbs, Chairman, called the meeting to order at 3:13 p.m. Introductions were made of Fannie Hogan and Barbara Brice from Clark College and Nancy James who is Fay Boyer's new assistant.

REPORTS AND
BUSINESS:

1. The group again discussed the membership amendment to the by-laws. We will take the final vote at the next meeting.
2. The Southeastern Hospital Conference exhibit was a great success and the Medical Association of Georgia is paying the \$66 for our booth.
3. The Georgia Medical Records Association is meeting at the Terrace Garden Inn on May 26 and 27 and we will have our exhibit there. Volunteers signed up to staff the exhibit.
4. Beth Grosvenor announced that she is revising the membership list. Any changes, additions, or corrections should be given to her before or at the next meeting.

5. The upcoming GHSLA meeting was discussed, and carpooling was arranged.
6. Eugenia Abbey reported for the planning committee for the fall GHSLA meeting which is November 3 and 4. The Northside Hilton will be available and we can obtain a free meeting room for 2 days if 25 bedrooms are reserved. A buffet luncheon is also available.
7. The Projects Committee reported on its last meeting.
 - a. Marilyn Gibbs handed out a survey questionnaire on cataloging practices. This should be completed and returned to her or brought to the next meeting.
 - b. Steve Koplan reported on BRS (Bibliographic Retrieval Services). It is a private group which will provide access to data bases for a fee. (\$10-\$30 per hour, \$4 hour line charge, commission and royalty charges differ for each data base). Group membership rates are figured as the number of users. We need to find out who would use each data base, and also ask other consortia how they have handled this. The committee to study this further is: Steve Koplan, Sara June McDavid, Marjorie Waite, and Fay Boyer.
8. Marily Gibbs announced that we will begin our Union List of Reference Tools with Girija Vijay's reference tools, and everyone will add their list to hers. Part of this is a general agreement to look up information for each other.

It will be helpful to know who regularly purchases certain references so we would not all have to purchase them, but we do need a system for making each other aware of new purchases.

PROGRAM:

Eugenia Abbey presented an excellent and informative program on MEDLINE. She explained the system in general, how training is done, techniques for using MEDLINE, and the effect of having a terminal in the library. This was followed by a demonstration on the VA Hospital's terminal, using actual requests from consortium members.

ADJOURNMENT:

The next meeting will be held on May 19 at St. Joseph's Infirmary. Marily Gibbs asked that each member complete a checklist of Possible Consortium Programs and return it to her (in addition to the cataloging survey). The meeting was adjourned.

Respectfully submitted,

CALL TO
ORDER:

Marilyn Gibbs, Chairman, called the meeting to order at 3:00 p.m. Visitors were introduced. Sister Mary Kristen, Assistant Administrator at St. Joseph's welcomed the consortium and commended its accomplishments during the past year.

BUSINESS:

1. Marilyn Gibbs called for a vote on the amendment to the by-laws, changing Section 3 of Article 3 from "New members shall be approved for admission by the executive committee and admitted by majority vote of the general membership" to "New members shall be approved for admission by the executive committee after announcement of request for membership has been made at a monthly meeting." Anne Martin moved that we accept the amendment; it was seconded and passed by a unanimous vote of the membership.*

2. Marilyn reminded those who had signed up to man our exhibit at the Georgia Medical Records Association that it will be held Thursday and Friday, May 26 and 27 at the Terrace Garden Inn on Lenox Road.
3. The Reference Tool Listing Project has begun as Girija Vijay has completed the list of her holdings. Steve Koplan now has the list and is adding his reference tools. We will each xerox our cards so that the list can be cut up and alphabetized more easily.
4. Marilyn announced that she has had some response to the cataloging questionnaire but that the rest should be sent in as soon as possible. We will delay further decisions on a cooperative cataloging project until the results of this survey are known.
5. Several persons reported on the Georgia Health Sciences Library Association meeting in Augusta. The workshop attendees were very helpful and in general it was felt that this had been a good experience. Interest was indicated in having Patti Corbett give the clinical librarianship program at one of our monthly meetings.
6. Fay Boyer handed out a survey of employment conditions which we are to return to her for tabulation. This can be a useful tool in obtaining better conditions for some.

PROGRAM:

Cathy Chewing presented a program on Library Patron Orientation. In this excellent presentation she covered such topics as who are the users, what are the needs of the users, material to be covered during the orientation, methods of orienting users, and evaluating effectiveness of programs. Following the presentation there was a general discussion of orientation techniques. Cathy handed out a bibliography and Mercer's library handbook and orientation leaflet.

ADJOURNMENT:

The next meeting will be held at Georgia Baptist Hospital on June 16. The meeting was adjourned at 4:45 p.m.

Respectfully submitted,

Beth Grosvenor
Secretary

*Please remove Page 2 from your By-Laws and insert the enclosed, revised Page 2.

ARTICLE III. MEMBERSHIP AND VOTING.

Section 1. Full membership shall be for health science libraries which have the continual interest and financial support of their own institution and a person responsible for library services, and which are located in the Metro Atlanta area. This would include the following:

- a. Hospitals
- b. Health-related schools, research organizations, or government agencies.

The librarian or her/his delegate shall officially represent the member library and cast its vote.

Section 2. Supporting membership may be held by regional resource libraries and academic libraries for the purpose of coordinating, extending, or supporting health science information services in the Atlanta area. The health librarian or her/his delegate shall officially represent the member library.

Section 3. New members shall be approved for admission by the Executive Committee after announcement of request for membership has been made at a monthly meeting.

Section 4. Voting privilege shall be as follows:

- a. The delegate from a full membership library shall have one vote.
- b. The delegate from a supporting membership library shall have no vote.
- c. Absentee voting shall be allowed by proxy.

ARTICLE IV. OFFICERS

Section 1. The Chairperson shall preside at all meetings of the Consortium, and shall be a voting member, ex officio, of all committees and shall designate the chairperson of each committee.

Section 2. The Vice-Chairperson shall, in the absence of the Chairperson, preside and assume all duties of the Chairperson and shall serve as Chairperson-Elect. Other duties may be assigned by the Chairperson.

Section 3. The Secretary shall be responsible for all record keeping and correspondence

ATLANTA HEALTH SCIENCE LIBRARIES CONSORTIUM
MINUTES OF MONTHLY MEETING

DATE: June 16, 1977

PLACE: Georgia Baptist Medical Center - Medical Library

PRESENT:

Marjory Waite	Piedmont Hospital
Marilyn Gibbs	Dekalb General Hospital
Beth Grosvenor	Georgia Retardation Center
Eugenia Abbey	Veteran's Administration Hospital
Girija Vijay	Crawford W. Long Hospital
Cathy Chewning	Mercer School of Pharmacy
Sara June McDavid	Fernbank Science Center
Steve Koplan	Georgia Mental Health Institute
Ed D'Anna	Georgia Mental Health Institute
Fay Boyer	Georgia Baptist Medical Center
Nancy L. James	Georgia Baptist Medical Center
Ann B. Martin	St. Joseph's Infirmary
Sharon Cann	Northside Hospital

GUESTS:

Lauren Benedict	Emory University
Marjorie O'Donnell	Doctor's Hospital, Tucker
Carlton Thaxton	Director of Division of Public Library Services, Georgia

CALL TO ORDER: Marilyn Gibbs called the meeting to order at 3:00 p.m. The visitors were introduced.

- BUSINESS:
1. The March minutes were corrected to indicate that Julia Nichols is the Audio-Visual librarian rather than Medical librarian at Charleston. (Item 8)
 2. The results of the survey of cataloging practices were handed out. There was some discussion and it was decided that those members who felt this would be advantageous would look into it further.
 3. The results of the anonymous job survey were handed out and discussed.
 4. The Reference Tool list has been completed by two libraries so far, but is temporarily (we hope) lost in the mail. *Wanna bet?*
 5. Marilyn reported that our exhibit at the Georgia Medical Records Association was well received, and thanked Marjorie Waite and her husband for transporting it.

6. Eugenia Abbey announced that Ms. Carla Johnson at Superintendent of Documents may be telephoned for assistance. Her title is Liaison for Librarians, and the phone number is (202) 275-1532 or 275-3033. The address is: Ms. Carla Johnson, Sales Liaison for Librarians, U. S. Government Printing Office, Washington, D.C. 20402.
7. Eugenia also passed around a list of new books on hospital librarianship which she obtained on CATLINE.
8. Marilyn passed around a new book called Leukemia and You which would be of value especially for young people. It is sent free of charge to those who write for it.
9. Ann Martin announced that she expects to move her library this fall and will probably need to discard many old magazines. We should be prepared to let her know our special needs in this area.
10. Eugenia Abbey reported for the planning committee for the Georgia Health Science Library Association meeting this November 10 and 11. Five committees were set up:
 - Social (Hospitality)
 - Program
 - Registration and Publicity
 - Finance
 - Continuing Education

PROGRAM:

Carlton Thaxton presented an informative session on the Georgia Library Information Network (GLIN), and answered questions from the group, about half of whom are members. He concluded by inviting the consortium to hold a monthly meeting at the GLIN office in order to meet the staff and become acquainted with the facility. The group agreed that this would be an excellent idea.

Mr. Thaxton also commented on the upcoming Governor's Conference on Libraries and Information Sciences. He discussed the makeup of the delegates (2/3 lay, 1/3 librarians) and the approximate cost of the conference. It has been postponed to September 15-16.

ADJOURNMENT:

The next meeting will be held on Thursday, July 21 at Northside Hospital. The meeting was adjourned at 5:00 p.m.

Respectfully submitted,

Beth Grosvenor, Secretary

CALL TO

ORDER: Marilyn Gibbs, Chairman, called the meeting to order at 3:20 p.m. Sharon Cann introduced Emily Faver, Director of Education at Northside, and Ron Wolfe, Personnel, Northside. Ms. Faver welcomed the group and commented on its progress.

BUSINESS:

1. The June Minutes were corrected to indicate that Miriam Boland was present, and to change the spelling of our guest's name from Benedict to Benevich.
2. The Reference Tool List which was lost in the mail was redone by Shanta Shah. It is strongly recommended that we hand deliver it in the future to avoid this problem!
3. Some corrections to the Membership List are as follows:
 - . New Assistant to Miriam Boland is Brenda Wood
 - . New Extension for Marilyn Gibbs is Ext. 5083
 - . New clerk for Fay Boyer is Nancy L. James
4. Most of the members have been approached by the Moore-Cottrell Subscription Agency, and there was a general discussion of the merits of various subscription agencies. Moore-Cottrell is offering a 2% service charge as compared to the 6% Majors is charging. The possibility of cooperative ordering was discussed.

It was generally agreed that this would not be feasible. Beth Grosvenor is writing to several customers of Moore-Cottrell to get an outside opinion of their service.

5. Eugenia Abbey passed around Patient Education Reprints which is a free publication.
6. The American Hospital Association meeting will be held August 21 - September 1 at the Omni. Eloise Foster will be in town for the meeting and will have lunch with us on August 30. Marilyn Gibbs is checking on a restaurant. We are hoping that our exhibit will be at the meeting, but it will depend on our ability to pay the exhibit fee.
7. Marjorie Waite announced that she is preparing to get MEDLINE at Piedmont Hospital and has had the physicians complete a questionnaire. The results were passed around the group. Also, Marjorie talked to Mrs. Doris Bolef at East Tennessee State University regarding the use of computers in the small library. Beth Grosvenor is working on a similar project with keypunch.
8. Marjorie brought to the attention of the group an article in Nurse Educator, July/August 1977 issue, "Publishing Opportunities for Nurses: A Comparison of 65 Journals" by Joanne Comi McCloskey.
9. Miriam Libbey announced the acceptance by MLA of Atlanta as the 1983 national meeting site.

PROGRAM:

Eugenia Abbey discussed further planning for the Georgia Health Sciences Library Association meeting which we are hosting this fall. SERMLP has agreed to put on a workshop for the meeting, free of charge, entitled "Basic Library Services and Organization for the Small Health Sciences Library". We broke into committee meetings for the remainder of the meeting.

ADJOURNMENT:

Marilyn Gibbs adjourned the meeting at 5:10 p.m. The next meeting will be held August 18, at 3:00 p.m. at the Fernbank Science Center Library, with a program on Clinical Librarianship.

Respectfully submitted,

	Marjorie Waite	Piedmont Hospital
	Ginger Rutherford	Fernbank Science Center
	Stephen M. Koplan	Georgia Mental Health Institute
	Elizabeth Jackson	Mercer School of Pharmacy
	Patti Corbett	SERMLP

CALL TO
ORDER: Marilyn Gibbs, Chairman, called the meeting to order at 3:10 p.m.

PROGRAM: A program on clinical librarianship was presented by Patti Corbett and Steve Koplan. Patti showed a slide/tape program called "Clinical Librarian . . . What Do You Really Do?," made at the Hartford Hospital, Hartford, Connecticut. Patti discussed her experiences with clinical librarianship and handed out a bibliography. Steve Koplan presented a taped interview with a GMHI staff member, who responded to questions concerning the clinical librarian program at the Institute.

In addition, Marjorie Waite reported on progress with her clinical librarian program at Piedmont Hospital.

BUSINESS:

1. The previous month's minutes were corrected to read Emmy Lou Faber rather than Emily Faver, as Education Manager for Northside Hospital.
2. Marilyn Gibbs handed out proposed changes in J.C.A.H. library standards and an article from the Emory paper, "Copyright Law May Be Unconstitutional".
3. A sign-up sheet was passed around for those to sign who wanted to eat lunch with Eloise Foster at the Marriott on Tuesday, August 30. A sign-up sheet was also passed around for those to sign up who could sit with the exhibit at the American Hospital Association meeting at the World Congress Center. The exhibit fee of \$190 was paid by SERMLP.

4. The Reference Tool List is now being completed by the third library. Again, please be sure to hand-deliver it to the next library unless you are keeping a copy yourself (to insure against possible loss in the mails).
5. Plans for the November Georgia Health Sciences Library Association meeting were discussed briefly as there had been a special meeting on this event shortly before the regular consortium meeting.
6. Marjorie Waite announced that any library interested in joining her library in applying for a MEDLINE terminal should call her within a week.
7. It was announced that Mrs. Libbey will be the MLA representative at the Governor's Conference on Libraries and Information Services.
8. Beth Grosvenor read the letter she had received from another library which uses the Moore-Cottrell Subscription Agency.

ADJOURNMENT:

The meeting was adjourned at 4:33 p.m. The next meeting will be held on Thursday, September 22, at 3:00 p.m. at the Georgia Library Information Network Center.

Dear Ms. Grosvenor,

I am presently starting my third year as serials librarian here at Georgia Southwestern College. I will do my best to give you as much information as I can about Moore-Cottrell.

One of their best features is their big invoice. About 90% of our periodicals come through the jobber. Every year around May they send a review list (a pre-invoice) of the periodicals we have been taking. At this time I have the option of deleting or adding copies or periodicals. Another good feature: The list will tell you if direct ordering is to be undertaken and address, when subscriptions will be renewed, if the publication is discontinued, and the approximate price of the periodicals. I find this favorable so that service will not be interrupted. A large invoice like this cuts down on time and money.

When periodicals have not arrived at their scheduled time or there are gaps in issues, cards are furnished by the jobber to be filled out and returned to them. They in turn will contact the publisher and try to get the issue(s). Sometimes they are very prompt on this service.

After I am through with the review list, I send it back to Moore-Cottrell and they later send me the final corrected copy.

This year they had to add a handling charge on their invoice due to inflation. But I highly recommend Moore-Cottrell as a jobber. If I can be of any more help, please don't hesitate to contact me.

Sincerely yours,

Elizabeth Dekle

Dear Ms. Grosvenor:

I am responding to your letter of August 5, 1977 requesting our opinion of Moore-Cottrell's service. Moore-Cottrell has been in charge of our subscription service since 1971. All things considered, we have been most satisfied with their service and attention. They are prompt in replying to inquiries and in adjusting records. They have been excellent intermediaries in regard to delinquent publishers. The only real problem I have had was in their failure to have our review list entirely up-to-date at times. However, overall we are very pleased and satisfied with their service and think that their service fee more than compensates for the service which they render.

Sincerely,

Juanita Stock

PROFESSIONAL LIBRARY SERVICES

Draft B

August/1977

PROFESSIONAL LIBRARY SERVICES

Principle

The hospital shall provide library services to meet the informational, educational, and, where appropriate, the research-related needs of the medical and hospital staffs.

1
2
3

STANDARD I

The professional library services shall be organized to assure appropriate direction or supervision, staffing, and resources.

INTERPRETATION

The extent of services will vary with the size, contents, equipment, and staffing of the professional library, and should be related to the needs of the medical and hospital staffs, the hospital services provided, and the cooperative arrangements with other professional libraries and information services.

Direction/Supervision/Staffing Whenever feasible, all librariesy collections within the hospital shall be integrated into a single library service under the direction of a qualified professional medical librarian. Hospitals providing requiring extensive library service should have the services of at least one full-time librarian. When employment of a full- or part-time qualified medical librarian is not possible, the hospital should shall secure the regular consultative assistance of such an individual. When the medical librarian serves on a part-time or consultative status only, a suitably trained person employee should be designated and available to provide basic library services. The individual so designated should have the responsibility for ordering, cataloging, organizing, circulating, reproduction, any required binding, and maintaining the library collection, as well as providing bibliographic and reference services.

To enhance the library services offered, the individual charged with responsibility for such services should participate, as appropriate, in relevant in-service education as well as outside educational opportunities, and this should be documented.

Resources The professional library shall have an up-to-date, authoritative collection of print and nonprint materials that shall include latest edition textbooks and current periodicals pertinent to the clinical, educational, and research services offered. The Index Medicus or Abridged Index

Medicus and, as appropriate, hospital, nursing, and dental indexes should be provided. Document delivery service, reproduction, ~~and~~ audiovisual services, *and* bibliographic sources ~~and indexes~~ to facilitate the effective provision of references and information sources should be included in the professional library services available.

It is desirable that all professional libraries *collections* within the hospital be under a single library service, at least administratively when not physically possible. When library resources are located within departments, the library should be able to provide information concerning *the nature of these resources and* their location.

Whenever possible, the area assigned for the professional library service should be reserved for that purpose only. There should be ready access to all texts, publications and audiovisual *materials and* equipment, as well as facilities for using the services. The collection shall be so organized that users can locate materials without assistance. There should be a mechanism for making the library available to ~~the~~ *authorized* medical and hospital staff members at times when the library is closed or not staffed, consistent with off-duty library usage patterns.

There must be evidence of a continuing effort to study the hospital's needs for professional library services, and to ascertain that provisions for such services exist. Immediate and long-term goals should be defined as well as the means of funding these goals.

~~Small~~ Professional libraries should participate in sharing the resources of *larger other* libraries through loans or document reproduction *in order to* broaden the availability of community resources and avoid unnecessary duplication. Inter-library cooperation and sharing arrangements shall be documented ~~with/formal written agreements in writing~~. Geographically contiguous libraries which share their resources through inter-library loans ~~should/be coordinated with~~ *should coordinate* their selection and retention of library materials.

and administration. ~~The~~ When a qualified medical librarian serves the hospital on a full-time or part-time basis, this individual shall be ~~an~~^{an}~~advisory~~ a member of the committee with a defined role in committee functions. The committee shall meet ~~at/least~~ as often as required, but not less than twice annually, to review the library policies and procedures; to evaluate the effectiveness of the library in meeting the informational and educational needs of the staff; and to recommend prioritiz~~ees~~ in the selection of new texts, and the selection or renewal of journals, and the acquisition of other library materials. This shall include consideration of requests for library acquisitions from lists recommended by members of the medical and hospital staffs ~~in/line~~ with and the medical librarian, as related to the appropriateness of the requests and to available funding.

Reference is also made to the Medical Staff, Nursing Services and Pharmaceutical Services sections of the Manual.

STANDARD II

The provision of professional library services shall be guided by written policies and procedures.

INTERPRETATION

Policies and procedures for the professional library services shall be current and shall relate, but not necessarily be limited, to the following:

- The mechanisms for selection, acquisition, and control of library materials;
- Donations to the library;
- A retention policy for library materials and the disposition or alternate storage of outdated or unusable books and periodicals;
- The mechanism for informing the medical and hospital staffs of new acquisitions and their availability;
- The mechanism for individuals who use the library to initiate all library services provided;
- The binding of journals, as required;
- The use of the library when it is not staffed or "open;"
- The period a book or journal shall be retained on loan;
- The level of reference and bibliographic service to be provided; and
- The functions of the professional library committee when one exists.

When a professional library committee exists, it shall be multidisciplinary and have representation from at least the medical staff, nursing service,

CALL TO ORDER: Marilyn Gibbs, Chairman, called the meeting to order and introduced the visitors.

- BUSINESS:
1. Our exhibit appeared at the American Hospital Association meeting. Since Piedmont Hospital has been housing the exhibit for quite a while, it would be nice if someone else who can get a truck and has some storage space would volunteer to store the exhibit. The changeover would take place after the Medical Association of Georgia meeting, Nov. 18-19, at the Omni Convention Center.
 2. Marilyn read a letter from Eloise Foster thanking us for having lunch with her and congratulating us on our accomplishments.
 3. It was announced that Marjorie Waite is moving to Hawaii in about a month. We will miss her, and her contributions to the group.
 4. Members who had attended the Governor's Conference on Libraries and Information Services shared with the group what they had gleaned from the various speakers and group discussions.
 5. The announcements are out for the Georgia Health Sciences Library Association fall meeting. We will discuss this further at the next consortium meeting.
 6. It was announced that Tina Crenshaw is now the southern representative of the membership committee of M.L.A.

6. A committee (Fay Boyer, Ann Martin, Marilyn Gibbs) was formed to analyze requests for bound journals being discarded by St. Joseph's, to determine where they should be located.
7. There was a brief discussion of Ballen Booksellers, Jaegers, and Majors.

PROGRAM:

The program was a tour of the Georgia Library Information Network office/library. Lucy Patrick, director, introduced us to the various staff members who take telephone calls from libraries. Information was handed out concerning the GLIN program, and questions concerning the program were answered.

ADJOURNMENT:

The meeting was adjourned at 4:50pm. The next meeting will be at the Georgia Retardation Center, on October 20. A representative of the QUIP transceiver service will be present.

 5. The announcements are out for the Georgia Health Sciences Library Association fall meeting. We will discuss this further at the next consortium meeting.
 6. It was announced that Tina Crenshaw is now the southern representative of the membership committee of M.L.A.

6. A committee (Fay Boyer, Ann Martin, Marilyn Gibbs) was formed to analyze requests for bound journals being discarded by St. Joseph's, to determine where they should be located.
7. There was a brief discussion of Ballen Booksellers, Jaegers, and Majors.

PROGRAM:

The program was a tour of the Georgia Library Information Network office/library. Lucy Patrick, director, introduced us to the various staff members who take telephone calls from libraries. Information was handed out concerning the GLIN program, and questions concerning the program were answered.

ADJOURNMENT:

The meeting was adjourned at 4:50pm. The next meeting will be at the Georgia Retardation Center, on October 20. A representative of the QUIP transceiver service will be present.

Respectfully submitted,

Beth Grosvenor
Secretary

	Beth Grosvenor	Georgia Retardation Center

Guests:	Carol Connelly	West Paces Ferry Hospital
	Phyllis Els	Unemployed Librarian

Call to

Order: Marilyn Gibbs, Chairman, called the meeting to order at 3:00 p.m. The guests were welcomed, as well as Robin Raquet, who is interlibrary loan librarian at Emory Medical Library.

Business:

1. The Directory of the Health Oriented Libraries of San Antonio was passed around. This might be an idea for us to try.
2. Report on GHSLA meeting. Marilyn thanked all the committee chairmen and others who participated in making the meeting a success. A letter of appreciation from Mrs. Libbey was read.
3. Our exhibit appeared at the Medical Association of Georgia meeting. This was briefly discussed.
4. Ann Martin passed around her list of journals to be requested by us. They are starting to pack for moving so will not be able to fill requests until next year.
5. Eugenia Abbey passed out copies of material on copyright signs from the Federal Register. This will also be in Program Notes soon.
6. Ann Martin suggested that we have small labels made to put on photocopies which would give the Consortium name and copyright information as required by law.

Atlanta Health Science Libraries Consortium
Minutes of Monthly Meeting
December 1, 1977

Business (Continued)

7. There was a discussion of the new copyright law and the record-keeping involved.
8. Beth Grosvenor passed out a new interlibrary loan form which may be easier for everyone to fill in. She is open to further suggestions as to improvement of this form.
9. The nominating committee, composed of Marilyn Gibbs, Eugenia Abbey, Steve Koplan, and Cathy Chewing, will present next year's slate of officers at the January meeting.
10. Marilyn announced that there is an article by Dr. Davies in the September, 1977 issue of Journal of M.A.G. called, "The Future of Small Hospital Libraries."
11. Emory Medical Library will be having a Basic Workshop on January 18, 19, 20 at the Sheraton Biltmore. If interested, contact them.

Programs:

- A. Mr. Linton Day, the local representative of Eye-Gate (Pro-Tech Media) presented his company's resources in the area of Medical filmstrips and handed out free catalogs.
- B. Steve Koplan played excerpts from the first consortium meeting in October, 1974.
- C. Marilyn Gibbs will be attending a meeting of hospital librarians at the National Library of Medicine, January 30-31, 1978. The following items were discussed so that she will have our ideas to take with her to this meeting.
 1. Acquisitions coordination.
 2. The effect of lack of government funding on small rural hospital libraries.
 3. NLM's definition of an affiliated institution as a teaching hospital.
 4. Locator tools - need more locators in state. Problems with CATLINE.
 5. Training needs of hospital librarians - updating knowledge of materials and methods.
 6. Extension of on-line service to hospitals.
 7. Circuit-rider librarian idea - taking MEDLINE terminal in van to rural locations, vs. use of telephone (faster but not as personal).
 8. Hospital librarians on Board of Regents.
 9. Consortium improvement grant.

If anyone has any further suggestions, please call Marilyn Gibbs.

ADJOURNMENT: The meeting was adjourned at 5:00 p.m. The next meeting will be on January 19 at Dekalb General Hospital.

Respectfully submitted,
Beth Grosvenor

	Guest: Miriam Libbey	A.W. Calhoun Medical Library

CALL TO
ORDER:

Marilyn Gibbs, Chairman, called the meeting to order at 3:00PM.
There were no visitors. The previous month's minutes were approved.

BUSINESS:

1. Letters were passed around from Cathy Chewing and Marjorie Waite.
2. The group discussed the reference tool list, which has now been cut into a card file. We discussed how we will each get copies of it when it's done, and what types of materials are being put into it - traditional and non-traditional reference books.
3. There was a favorable response to the idea of a consortium handbook. Fay Boyer, Sue Elkins and Elizabeth Jackson will investigate the possibilities of this.
4. It was reported that St. Joseph's is now two-thirds packed to move, and that they are moving all of the old journals to the new library and will then decide how to distribute them.
5. Steve Koplan presented the report of the nominating committee as follows:
Chairman-elect: Sharon Cann
Secretary: Cindy Timm
There were no further nominations. The nominees were voted upon and elected unanimously. Congratulations to these persons and to Eugenia Abbey, who moves up to be our new chairman !

6. Miriam Libbey reported that Linda Garr Markwell, Chairman of the Georgia Health Sciences Library Association, is investigating the possibility of having a librarians meeting at the Southeastern Hospital Association meeting, giving librarians greater visibility and enriching our program. The SEHA has reacted favorably but will not fund the group until it is organized. The next meeting will be in April, and SERMLP has agreed to speak at the organizational meeting the following day.
7. Eugenia Abbey passed around a notice of a workshop on locating census data, given by the Bureau of the Census at Georgia State University on February 15th, from 8:30AM - 4:30PM. The cost is \$2.50. A very helpful person to call about health statistics is Ms. Sandy Smith, National Center for Health Statistics, 3700 East West Highway, Room 1-57, Hyattsville, Maryland, 20782. (301) 436 - 8500.
8. Eugenia Abbey passed around the form the VA is using to keep track of journal articles ordered. There was a brief discussion on the use of the form.
9. Marilyn Gibbs requested that if anyone is interested in coordinating supply orders they should call her or Suzanne Byrne. Often we have to purchase a much larger quantity than we could use any many years, or we could get a better price by ordering a larger quantity.
10. Steve Koplan announced that Jane Bumgarner, one of the founders of the consortium, is moving back to Atlanta in February.

PROGRAM:

- A. Mrs. Miriam Libbey, Director of SERMLP, discussed the implications of the new copyright law for consortium libraries, answered questions and made many helpful suggestions. She distributed copies of the form Emory is sending to people who submit improper interlibrary loan forms.

ADJOURNMENT:

The meeting was adjourned at 5:00PM. The next meeting will be on February 16th, 1978, at the Georgia Baptist Medical Center Library.

Respectfully submitted,

Beth Grosvenor

CALL TO

ORDER: The meeting was called to order by Eugenia Abbey at 3:15 PM.

BUSINESS:

1. A sample of the copyright warning notice in 18-point type was distributed.
2. Members were requested to list their new periodical subscriptions for 1978 and either mail these lists or bring them to the next meeting.
3. There was discussion concerning updating the consortium holdings record. Mrs. Libbey will investigate the cost of using the Emory computer system to print a revised list.
4. The Georgia Health Sciences Library Association will hold a meeting April 20-21 at Callaway Gardens. Consortium members participating in the program will be Marilyn Gibbs, Beth Grosvenor, Eugenia Abbey, Fay Boyer and Cindy Timm. Patti Corbett and Miriam Libbey will also be speakers.
5. There will be a Southeastern Hospital Association Conference April 6-7 at the World Congress Center, and a special meeting will be held for hospital librarians. The consortium will have an exhibit at the conference.
6. Steve Koplan read a letter from a publisher discussing copyright. Marilyn Gibbs asked whether copyright warning notices should be placed on all copy machines in an institution. Mrs. Libbey said that the guidelines apply specifically to copy machines located in libraries.

7. Ann Martin described the dedication of the new St. Joseph's Hospital and announced that they have a vacancy for a professional librarian.
8. Mrs. Libbey announced that the Medical Library Assistance Act has been extended for three more years. Also, seven people have been nominated to the NLM Board of Regents and await Senate approval.

PROGRAM:

Marilyn Gibbs reported on the meeting of hospital librarians at the National Library of Medicine. Major topics covered were grants for hospital library consortia, stabilization of federal support for interlibrary loans, copyright, and relations between hospital libraries and NLM.

ADJOURNMENT:

The meeting was adjourned at 5:00 PM. The next meeting will be held at the VA Hospital on March 16, 1978 at 3:00 PM.

Respectfully submitted,

ARTICLE III. MEMBERSHIP AND VOTING.

Section 1. Full Membership shall be for health science libraries which have the continual interest and financial support of their own institution and a person responsible for library services, and which are located in the metro-Atlanta area. This would include the following:

- a. Hospitals
- b. Health-related schools, research organizations, or government agencies.

The librarian or her/his delegate shall officially represent the member library and cast its vote.

Section 2. Supporting membership may be held by regional resource libraries and academic libraries for purpose of coordinating, extending or supporting health science information services in the Atlanta area. The health librarian or her/his delegate shall officially represent the member library.

Section 3. New members shall be approved for admission by the Executive Committee after announcement of request for members has been made at a monthly meeting and in the minutes thereof.

Section 4. Voting privilege shall be as follows:

- a. The delegate from a Full Membership Library shall have one vote.
- b. The delegate from a Supporting Membership Library shall have no vote.
- c. Absentee voting shall be allowed by proxy.

ARTICLE IV. OFFICERS.

Section 1. The Chairperson shall preside at all meetings of the Consortium, and shall be a voting member, ex officio, of all committees and shall designate the chairperson of each committee.

CALL TO ORDER:

The meeting was called to order by Eugenia Abbey at 3:30 P.M.

BUSINESS:

The Reference list of books was given to Suzanne Byrne of South Fulton to add her holdings.

Periodicals- Eugenia will check on having the Union List updated and report at the next meeting. It was suggested that a committee be formed to investigate the acquisition of certain periodical titles that are not now in the Consortium. Sharon Cann and Gail Waverchak will be on this committee.

Medical Association of Georgia- It was suggested that we have liaison with MAG in order to facilitate communication between the two groups. Steve Koplan was designated to be the liaison person after Eugenia investigates the feasibility..

Atlanta Health Science Libraries Consortium Directory- Sue passed out the forms and requested the member libraries to complete so she can compile the directory.

Announcements- Federal Registrar for librarians is open. The June 15th date for the AHSLC meeting conflicts with the Medical Library Association meeting so June 22nd was selected for our next meeting.

Marilyn Gibbs suggested that 15 minutes of each meeting be used to discuss unanswered reference questions. This was approved.

PROGRAM:

Suzanne Byrne discussed Audiovisuals and gave out handouts which included bibliographies and other useful information

ADJOURNMENT:

The meeting was adjourned at 4:45 PM. The June meeting will be held at Georgia Baptist Hospital School of Nursing.

A PLEA FOR COOPERATION FROM JANAN, WHO COMPILES THIS SHEET

A look of pain is on my face
When your statistics I try to trace.
Please mail them or put them in
Cindy's hand,
For an accurate tally that is well
planned.

For when I must call you
It takes so much time
The effect on my workload
Is far from sublime

So please, dears, take note -
Your statistics well-placed
Will avoid mass confusion.
And restore my glad face.

(Thanks - Janan)

Gail

CALL TO

ORDER: Eugenia Abbey called the meeting to order at 3:15 PM.

BUSINESS: The estimated cost of generating a new consortium holdings list is \$38 per member. Mrs. Libbey has made arrangements for the list to be produced at Emory, and the preparation time will be two to three months. It was decided that consortium holdings information should be collected by the end of October and should include 1979 subscriptions.

Gail Waverchak would like members to suggest journals to be purchased by the consortium.

Eugenia Abbey mentioned that the Modern Talking Picture Service has free films, many of which are suitable for patient education. She also discussed her handling of photocopy requests in excess of copyright law and brought a sample memo which she sends to VA patrons.

Miriam Boland recently attended a conference on establishing a rehabilitation information network.

Steve Koplan distributed information sheets on the National Clearinghouse for Mental Health Information, the National Institute on Drug Abuse, and the National Institute on Alcohol Abuse and Alcoholism. These agencies will provide literature searches free of charge. He also mentioned a useful reference guide:

Information Sources and How to Use Them (Published in 1975 by Human Interaction Research Institute) (10889 Wilshire Blvd., Los Angeles, California 90024)

PROGRAM: Mrs. Libbey, Sharon Cann, Marilyn Gibbs and Steve Koplan reported on the MLA convention in Chicago.

ADJOURNMENT: The meeting was adjourned at 4:40 PM. The next meeting will be held July 20, 1978 at Piedmont Hospital.

The Health Science Library Consortium meeting will be held at Fernbank Science Center in Classroom I, August 17 at 3:00 p.m.

The program will consist of an audiovisual presentation on Fernbank's instructional programs. Then as a follow-up to the July program, there will be a round-table discussion of medical audiovisual services. Ideas from the discussion can then be referred to Dr. Davies.

If time permits, there will be a tour of the Science Center and the library.

GUESTS: Nicholas Davies, M.D. Piedmont Hospital
John Good, Ph.D. Piedmont Hospital

CALL TO

ORDER: The meeting was called to order at 3:10 by Eugenia Abbey.

BUSINESS: There was discussion concerning when to use CCG and CCL in interlibrary loans. Requests for articles published prior to the last 5 years fall under CCG if a library still has a current subscription to the journal. Otherwise, these requests fall under CCL.

A question was raised concerning mailing rates for journals under the MLA Exchange program. Vijay is checking into the possibility of using second class postage, which is cheaper than fourth class.

PROGRAM: Dr. Nick Davies, recently elected to the NLM Board of Regents and appointed to a committee on NMAC, discussed his need for information on the use of audiovisuals in hospitals. He would like feedback from consortium members on the accessibility of audiovisual information (through AVLINE, catalogs, etc.), on the quality of programs being produced, and on the effectiveness of audiovisuals in the medical setting. Please send any comments to:

Nicholas E. Davies, M.D.
35 Collier Road, N.W. Suite 650
Atlanta, Georgia 30309

Dr. John Good, Director of Personnel and Training at Piedmont Hospital, spoke on the administrator's view of the hospital library. He made many helpful comments concerning public relations, goals, budgeting, and other topics.

ADJOURNMENT: The meeting was adjourned at 4:50 P.M. The August meeting will be held at Farnbank Science Center.

Respectfully submitted,

CALL TO

ORDER: The meeting was called to order at 3:10 PM by Eugenia Abbey.

BUSINESS: Sharon Cann reported that the following journals have been suggested for purchase by consortium members:

Acta Pathologica et Microbiologica Scandinavica (Section C - Immunology)
Analytical Biochemistry
Annals of Plastic Surgery
Journal of Advanced Nursing
Medical Journal of Australia
Oncology Nursing Forum
Pediatric Research
Postgraduate Medical Journal
Proceedings of the Royal Society of Medicine
Psychiatric Medicine

Eugenia Abbey announced that the Emory Dental School Library has requested that its membership be changed from active to supporting - a revision of the bylaws will be necessary in order to clarify the definition of a supporting member.

In keeping with Dr. Davies' request, there was a discussion concerning some of the things NLM could do for health science libraries. Proposed changes have been listed separately.

For the September meeting, all members are to bring a list of audiovisual catalogs which they have found helpful. Each catalog should be listed on a card so that the information may be easily compiled.

PROGRAM: Ginger Rutherford presented a slide tour of ~~F~~ombank and described how the library supports the programs of the center.

ADJOURNMENT: The meeting was adjourned at 4:35 PM. Northside Hospital will be the location for the next meeting, which will be held on September 21, 1978.

Respectfully submitted,

WHAT HEALTH SCIENCE LIBRARIES NEED FROM NLM

1. Instruction guides or workshops on manual searching of Index Medicus.
2. Printed catalog cards
3. A book review index.
4. A microfilm version of the NLM Current Catalog.
5. More holdings information for books in the Current Catalog.
6. An improved AVLINE data base with expanded coverage, shorter abstracts, and more loan sources listed.
7. An updated SERLINE data base.

AV Dept. - Emory
Education Dept. - Northside

CALL TO

ORDER: The meeting was called to order at 3:35 PM by Eugenia Abbey.

ANNOUNCEMENTS:

Marilyn Gibbs has been in the hospital but is now recovering.

The name of the VA Hospital has been officially changed to VA Medical Center.

South Fulton Hospital Library is having open house on Friday, October 20th.
All consortium members are invited.

BUSINESS:

Consortium members are requested to list the audio-visual catalogs which they use most frequently and to bring the list to the October meeting.

Mrs. Libbey discussed the new interlibrary loan regulations, effective Jan. 1, 1979.

Eugenia Abbey announced that the University of Ga. will sell copies of its current periodicals list for a nominal fee. Anyone interested should contact Richard Mellow, c/o the Serials Dept., Univ. of Ga. Library. (542-7460).

PROGRAM:

Carol Burns, AV Librarian at the AW Calhoun Medical Library, spoke on sources of AV information. She brought sample catalogs, which were very helpful, and also demonstrated various pieces of equipment.

ADJOURNEMENT:

The meeting was adjourned at 4:45 PM. Because of the MLA regional conference, the next consortium meeting will be held on October 26, 1978, at the Georgia Mental Health Institute.

Respectfully submitted,

Cindy Timm

GUESTS:	Sally Clifford	Union List Coordinator
	Laura Huff	SERMLP

ANNOUNCEMENTS:

Members were reminded that Mrs. Libby would be giving a coffee on October 31st for John Breinich, director of the Hawaii Medical Library.

The Morehouse School of Medicine Library has a new phone number: 681-2800, extension 202.

BUSINESS: The Sheppard W. Foster Library (Emory Dental School) is now a supporting member of the consortium. They will provide articles from the dental literature and also from periodicals not available at the A.W. Calhoun Medical Library. The section of the bylaws dealing with supporting membership will be amended and approved at the November meeting.

The production of the new union list is being coordinated by Sally Clifford with the help of Jane Bumgarner. The cost to each member will be \$40 to \$50, and bills will be sent after the printing is completed. Union list forms must be returned by December 1, 1978. If members have questions concerning the list, they may contact Sally Clifford at 634-4449.

Eugenia Abbey suggested that there be a letter of agreement among consortium members, similar to the G.L.I.N. agreement. Sandy Martin will be in charge of preparing a sample letter to present at the next meeting.

The status of the consortium exhibit was discussed, and members should consider whether a new exhibit should be made.

A question was raised concerning the consortium's responsibility for conducting outreach programs in the metro area. The members agreed that such programs should be planned, and an outreach committee was formed. Committee members are Sharon Cann, Marilyn Gibbs and Gail Waverchak.

PROGRAM: Report on the MLA regional meeting in Jackson, Mississippi.

ADJOURNMENT:

The meeting was adjourned at 4:45 PM. The final meeting of the year will be held on November 16th at Morehouse.

Respectfully submitted,

Cindy Timm

Memorandum

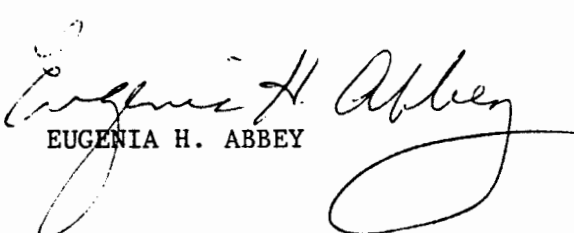

DATE: November 3, 1978

TO: Members, Atlanta Health Science Libraries Consortium

FROM: Chairman

SUBJ: Proposed Bylaws Changes.

The attached proposed Bylaws changes have been discussed and agreed to by the Executive Committee. They will be discussed at the November meeting. Because of the time element specified in the Bylaws they will not be voted on until the next regular meeting which will be in January. Bring this copy of the proposed changes to the November meeting.

EUGENIA H. ABBEY*Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan*

PROPOSED BYLAWS CHANGES

ARTICLE III. MEMBERSHIP AND VOTING.

Section 2. Supporting membership may be held by regional resource libraries, academic libraries and other health science libraries for the purpose of coordinating, extending or supporting health science information services in the Atlanta area. The Supporting member may decline inclusion of holdings in Consortium union lists. If, however, holdings are included, the supporting member will contribute equally to the production expense. Supporting members may place restrictions on lending and/or charge for interlibrary loans. Full members may also place restrictions on loans to supporting members. The health science librarian or her/his delegate shall officially represent the member library.

Section 5. Change in membership status may be accomplished by the submission of a written request to the Consortium Chairman followed by approval by the Executive Committee.

CALL TO ORDER: The meeting was called to order at 3:20 PM by chairman Eugenia Abbey.

BUSINESS: Union list project agreement forms were distributed. Members were requested to sign all of the forms and to send them to Mike Torrente at Emory by Dec. 15th.

The nominating committee has chosen Cindy Timm as Vice-Chairman and Gail Waverchak as Secretary. Officers will be elected at the January meeting.

Sharon Cann gave the report of the outreach committee. The consortium exhibit will be revised, and pictures of each health facility will be included. Each member is requested to bring a picture of his/her institution to the January meeting, or mail the picture to Sharon. Mike Torrente will be invited to the next meeting and asked to give the consortium some guidance concerning outreach programs.

The proposed bylaw changes were approved by the members.

PROGRAM: Alfred Jaeger discussed the services of his company.

ADJOURNMENT: The meeting was adjourned at 4:35 PM. There will be no December meeting, and DeKalb General Hospital will host the January 18th meeting.

Louisa Tseng Morehouse School of Medicine
Gail Waverchak St. Joseph's Hospital

GUESTS: Ann Campbell Hall School of Nursing
Sara Cole Lanier Park Hospital
Laura Huff SERMLP
Alethea Prince N. Central Ga. Health System Agency

CALL TO ORDER: The meeting was called to order by Vice - Chairman Sharon Cann, in the absence of Eugenia Abbey.

BUSINESS: 1. The bylaws changes were approved by unanimous vote. A revised copy of the bylaws will be prepared and circulated to the membership.
2. The slate of officers for 1979 was accepted by acclamation. The new officers are:

Sharon Cann, Chairman
Cindy Timm, Vice - Chairman
Gail Waverchak, Secretary

3. All consortium members have compiled their information for the union list, and most have already sent the information to Emory.

4. There was discussion about obtaining holdings information from the Medical College of Georgia.

5. Marilyn Gibbs asked for suggestions on restricting access to hospital libraries.

PROGRAM: 1. Laura Huff discussed the role of SERMLP with regard to outreach programs. She also discussed the need for professional library consultants to provide services to hospitals under the new JCAH Standards. A workshop for medical library consultants is tentatively scheduled for April 3 in New Orleans before the Southeastern Conference of Hospital Librarians meeting. Several consortium members expressed an interest in this workshop.

ATLANTA HEALTH SCIENCE LIBRARIES CONSORTIUM

DATE: March 15, 1979.

PLACE: North Central Georgia Health Systems Agency.

PRESENT:	Fay Boyer	Ga. Baptist Medical Center
	Miriam Boland	Ga. Dept. of Human Resources
	Suzanne Byrne	South Fulton Hospital
	Ginger Rutherford	Fernbank Science Center
	Alethea Prince	N. Central Georgia Health Systems Agency
	Steve Koplan	Ga. Mental Health Institute

	Louisa Tseng	Morehouse

GUESTS:	Lucy Patrick	G.L.I.N.
	Adele Cohen	N. Central Georgia Health Systems Agency
	Sally Grillo	Dekalb General Hospital
	Sue Swanson	Clayton General Hospital

OLD BUSINESS:

1. Sharon Cann reported that the union list will be ready in April. Sally Clifford needs to hire an additional person for proof reading, and the consortium agreed to this. Payment for the union list will be discussed at the April meeting.
2. The reference tool list is now at the VA, and Fernbank will take it next. There was general agreement that textbooks would not be included on the list.
3. The consortium has drawn up a letter of agreement, which outlines the responsibilities of members with regard to interlibrary loans, the sharing of information, etc. However, since not all members felt that their administrators would sign such an agreement, the main points of the letter will be incorporated into the consortium by-laws.
3. An announcement was made about the Georgia Health Sciences Library Association meeting in Macon on April 26 and 27.

NEW BUSINESS:

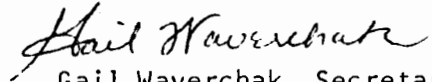

1. Marilyn Gibbs reported that the Medical Association of Georgia(MAG) is investigating the possibility of having a library-related program at their annual meeting. There are tentative plans to include a panel discussion on information systems, with the panel composed of pro-library physicians.
2. SERMLP has chosen Marilyn Gibbs to be on their regional advisory board, and she welcomes any suggestions concerning topics to present at SERMLP meetings.
3. The following have agreed to host upcoming consortium meetings:
April - Crawford Long; May - Dept. of Human Resources; June - VA

PROGRAM:

The program began with a slide presentation explaining the functions of the North Central Georgia Health Systems Agency. Questions from consortium members were answered by Adele Cohen, Library Supervisor, and Alethea Prince, Librarian.

The meeting adjourned at 5:00pm. Several members remained to tour the NCG-HSA library.

Respectfully submitted,

BALLOT (5/79)

Please elect one of the following nominated
candidates for vice-chairman:

----- Shanta Shah

----- Girija Vijay

If you would like to write in a candidate,
indicate the name below:

Please bring this ballot to the May meeting
at the Ga. Dept. of Human Resources, or mail
to: Gail Waverchak, St. Joseph's Hospital by
May 14.

We were deeply saddened to hear of the deaths of Mr. Libbey and the father of Elizabeth Jackson. Condolences were sent on behalf of the Consortium.

	Gail Waverchak	St. Joseph's Hospital

GUESTS:	Sue Swanson	Clayton General Hospital
---------	-------------	--------------------------

CALL TO ORDER: The meeting was called to order at 3:35 pm. The previous month's minutes were approved.

OLD BUSINESS:

1. Union list - The third bill (from Emory, for use of the computer) has not been received but to date, cost per member is \$54.26. When the third bill is received, the final cost will be calculated and each member will send a check to Fay Boyer. The union list will be routed to each member, so that it can be copied. It was approved by the members to send copies of the list to Emory and the Center for Disease Control.
2. Exhibit - Sharon Cann requested that each member send a postcard of the institution where he/she works.
3. Directory - Fay Boyer will check with Sue Elkins on the status of the consortium directory, which is in pamphlet form with facts about each library.

NEW BUSINESS:

1. Bylaws - A committee was formed to review the bylaws and make recommendations. The committee members are: Marilyn Gibbs, Chairman, Eugenia Abbey, Cindy Timm and Girija Vijay.
2. Cindy Timm announced that she will be resigning as vice-chairman - since she is expecting a baby and will probably be working on a part-time basis. (Congratulations, Cindy!!) Nominations were accepted for the position and they are: Shanta Shah and Girija Vijay. A ballot will be sent to all members and the newly-elected vice-chairman will be announced at the May meeting.

NEW BUSINESS (con't):

3. 5th district meeting - Cindy Timm and Miriam Boland reported on the 5th district meeting, which was chaired by Ella Yates, and attended and represented by mainly those concerned with the public library sector. Hopefully, not all district meetings concentrated on presenting the state of public libraries, since out of 200 Georgia hospitals, only 64 have "viable" libraries. Cindy submitted a statement to Ella Yates from the Georgia Health Science Libraries Association. This statement will also be brought to the 4th District Meeting, which will be attended by Eugenia Abbey.

PROGRAM: Shanta Shah spoke about the new ANGLO-AMERICAN CATALOGING RULES, referring to the new text and to a talk given by Michael Goldman, co-editor of the RULES.

Girija Vijay presented her ideas on library planning and design and shared actual floor plans, catalogs and the various considerations which she used in planning and developing the Crawford Long Hospital library.

ANNOUNCEMENTS:

Sharon Cann distributed information about the upcoming workshop on Consortium Development, sponsored by SERMLP.

The meeting adjourned at 5:00pm. The next meeting will be held at the Georgia State Department of Human Resources.

Respectfully submitted,

Gail Waverchak, Secretary

CALL TO ORDER: The meeting was called to order at 3:30 p.m. The previous month's minutes were corrected and then approved.

OLD BUSINESS:

1. Union list - Georgia Baptist Medical Center will send each consortium member an itemized invoice when the final bill arrives.
2. Exhibit - Sharon Cann stated that she still needs postcards from some members.

NEW BUSINESS:

1. Ballots were collected and counted for vice-chairman. Congratulations to Giriya Vijay.
2. By-laws committee chairman, Marilyn Gibbs, submitted a copy of the bylaws, which supersedes all previous ones. She also passed out copies of three proposals for amendments. These proposals by the committee will be voted on at the June meeting.
3. A discussion was held about formulating guidelines for interlibrary loans among consortium members. The suggestion was made that each library's guidelines be included in the Consortium Directory.
4. Ginger Rutherford brought up the idea of giving a copy of the Consortium Union list to the Georgia Library Information Network, (G.L.I.N.). Discussion was held and a motion was made by Elizabeth Jackson stating that G.L.I.N. be given the union list with the stipulation that certain libraries be excluded. The motion was seconded and then tabled, so all members could discuss and vote on the motion at the June meeting.
5. The idea of joint storage of seldom-used holdings was discussed. Suzanne Byrne said that she may have access to storage space in one of South Fulton Hospital's buildings. Most comments made were in favor of acquiring storage, which would enable members to keep holdings.

- ANNOUNCEMENTS:
1. Unwanted journals:

GUESTS: Sue Swanson Clayton General Hospital

CALL TO

ORDER: The meeting was called to order at 3:17 PM. The previous month's minutes were approved.

OLD BUSINESS:

1. Sharon Cann announced that Girija Vijay resigned from the position of vice-chairman. Nominations were accepted and Ginger Rutherford was nominated. A ballot will be sent to all members with the nomination and the newly-elected vice-chairman will be announced at the July meeting.
2. Union list - Georgia Baptist Medical Center has sent each consortium member an invoice and Fay has begun receiving payment.
3. By-laws: All three by-law proposals were discussed, voted on and approved.
4. Discussion was held on whether or not to send the consortium union list to the Georgia Library Information Network (G.L.I.N.) A vote was taken and it was agreed that we should not send the union list, but rather we should send individual holdings lists on an individual basis.

NEW BUSINESS:

1. Sharon Cann read a letter from Camilla Reid, chairman of the Health Science Libraries of Central Georgia, inviting us to exchange union lists. Their membership is approximately twelve to fifteen libraries. A committee, chaired by Eugenia Abbey, was formed to judge the value of such an exchange and also to develop guidelines for interlibrary loan among our own membership.
2. Sharon also announced that Clayton General Hospital has applied for membership in our consortium, and has also signed the letter of agreement, which states that they are willing to exchange materials. Sue Swanson explained that she is a consultant to Clayton General and Lois Eubanks is a full-time staff member in charge of the library. Eugenia Abbey moved to accept Clayton General Hospital as a member of the consortium; the motion was voted on and passed.

3. Gail Waverchak brought up the idea of consistency in recording interlibrary loans. It was suggested that each member use the same form and interpret the number of loans received from Emory as the number that is actually received, i.e. not including the requests that are referred to other libraries such as NLM, Med. College of GA, etc. A copy of the new statistic form will be given to each member at the next meeting.
4. Fay Boyer announced that the program for the August meeting, to be held at Georgia Baptist, will be on medical education. She would like everyone to bring questions on this topic.
5. Miriam Boland passed out copies of "Rehabilitation Brief" and also, corrections to her holdings list.
6. On November 15, Norman Stearns and Lionel Bernstein will speak at the annual meeting of the Medical Association of Georgia. They will be speaking in the morning, 9:00 to 12:00, with the theme "Learn, evaluate and inform." All librarians are invited to attend and encourage doctors to attend. There will also be a luncheon afterwards, co-sponsored by the Georgia Health Science Libraries Association. The luncheon also needs publicity and attendance by librarians and physicians. The meeting will be held in Atlanta at the Omni. More details to come in the next couple months.

PROGRAM: Miriam Libbey and Michael Torrente spoke about the sessions they attended at the MLA meeting in Hawaii.

The meeting adjourned at 5:20 pm. The next meeting will be held at Piedmont Hospital.

Respectfully submitted,
Gail Waverchak

Dr. Davies spoke for a few minutes about the Medical Association of Georgia meeting, November 15-17. On November 15, Norman Stearns and Lionel Bernstein will be the main speakers for the morning session, entitled "Learn, evaluate and inform." Posters are being printed to advertise this session and librarians are urged to publicize the event by having announcements made at medical staff meetings and in institutional publications. Ed Houth, editor of NEW ENGLAND JOURNAL OF MEDICINE, has also agreed to speak at the fall meeting. *Annals of Internal Medicine?*

CALL TO ORDER: The meeting was called to order at 4:53 PM. The previous month's minutes were approved.

OLD BUSINESS:

1. Gail Waverchak announced that Ginger Rutherford was elected vice-chairman.
2. Sue Elkins reported that the original forms used to compile information for the directory will be sent back to members for corrections. Once the corrections have been received, the directory will then be typed and ready for xeroxing.
3. Gail Waverchak passed out a new statistical sheet. Those not in attendance will receive copies with the minutes.

The meeting adjourned at 5:20 pm. The next meeting will be held at Georgia Baptist Medical Center.

CALL TO ORDER: The meeting was called to order at 3:15 p.m. The previous month's minutes were approved.

OLD BUSINESS:

- 1 Union list - Sharon Cann reported that all three bills were paid.
2. The idea of joint storage was again brought up. Gail Waverchak will check into the costs and efforts made by other consortiums to store back holdings and report back to the group.
3. MAG meeting - November 15, same day as the Consortium meeting, but there should be no problem getting to Mercer School of Pharmacy for our meeting after the MAG morning sessions and luncheon.
4. Eugenia Abbey reported that she received a letter and a copy of the union list from the West Central Georgia Regional Hospital Librarian, Camilla Reid, Chairman of the Health Science Libraries of Central Georgia. Eugenia will report later on her committee's recommendations concerning sharing with the Central Georgia consortium.
- 5 There was discussion about a consortium logo and whether or not to attach a notice (that indicates consortium membership) to consortium interlibrary loan requests. Ginger Rutherford volunteered to bring a logo design to the next meeting.

6. Sue Elkins reported that she now has a typist, who will type the Directory when all the survey sheets are received.

NEW BUSINESS:

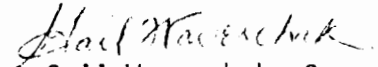

1. A discussion was held about the Consortium suggesting to the local Rotary Club the idea of a "6-pack" collection of books which could be donated to institutions that do not have libraries, but could benefit from a basic collection. (This service is currently being provided by the Rochester Rotary Club in Rochester, Minnesota). Marilyn Gibbs volunteered to contact the local Rotary Club and will report back to the group if they are willing to provide such a service or are already doing so.

The meeting adjourned at 4:00 p.m. The October meeting will be held at the Georgia Retardation Center on October 18.

PROGRAM:

The program was a discussion on health education and the roles of patient educators and health science librarians.

	Jan Stansell	CDC
	Linda Magoon	Emory University Hospital (Learning Res.Center)

CALL TO ORDER:

The meeting was called to order at 3:30 p.m. The previous month's minutes were corrected and then approved.

OLD BUSINESS:

1. Sharing with the Health Science Libraries of Central Georgia Consortium.
Some of the points brought up by Eugenia, chairperson of the committee studying this idea:
 - a. Mercer University, a member of the Central GA. consortium, has to charge outside the Consortium.
 - b. 40-40% of the other consortium's holdings are not in our union list. However, 50% of that percentage belongs to Mercer. Therefore, the approximate percentage available (excluding Mercer University's holdings) is 25%. This figure is fairly balanced to the 30-35% items in our union list that are unique to their holdings.

The committee's recommendation is to have a three-month trial period of mutual sharing, with one of the following conditions:

1. All members except Mercer University lend without charge to others.
2. Only members who wish to participate will do so; others can charge or reject requests.
3. All members participate and agree to a minimal charge per request.

During the discussion, points brought up included, does Mercer charge the same as Emory, and if not, how much do they charge? Miriam Boland and Steve Koplan expressed the desire to restrict their loans to titles that are unique to their libraries.

Beth Grosvenor moved that we participate for a three-month trial period with full participation from all members, without any charges. The motion was seconded, voted on and approved. This action will be passed on to the Health Science Libraries of Central Georgia Consortium by the committee.

OLD BUSINESS(con't):

2. Ginger Rutherford presented her design for a logo for the consortium. Steve Koplan moved to accept the interlibrary loan attachment with the new logo. The motion was seconded, voted on and passed unanimously. Sharon Cann offered to supply members with the new attachment forms.
3. Marilyn Gibbs reported on her contact with a Rotary Club concerning the idea of the Club providing a "six pack" of books to benefit small health centers in need of basic reference materials. Marilyn said that this is not being done, according to the member she spoke to, but could be pursued by encouraging the club and describing further what others are doing in this area.

NEW BUSINESS:

1. Sharon Cann reported that the Atlanta Public Library, in conjunction with the Xerox Co., is giving away free books, geared primarily for children. The person to contact is: Libbey Mohr, 688-4636 ext.257. She will notify interested parties when they can pick the books up at the Mobile Unit, located in Buckhead, at the Ida Williams branch library.
2. Members agreed with Sharon that the Nominating Committee be appointed and bring their recommendations for next year's officers to the November meeting. Sharon appointed Miriam Boland to chair the committee and Marilyn Gibbs to assist.
3. Marilyn Gibbs reported on part of the Southern Regional Group meeting held in Memphis(Oct.11-13). She said there is a committee studying the role of the librarian and patient education and the region will be developing a workshop around this idea. One of the directors of a resource library in the Southern Regional Group is working on a new holdings list of all the resource libraries in the group. Also, there is a data base being developed which will include statistics of hospitals with libraries and those without libraries.
4. Gail Waverchak reported on the Continuing Education course she took during the Memphis meeting on "Basic Media Management - Software" and Girija Virjay spoke about the Copyright course.

ANNOUNCEMENTS:

1. Ginger Rutherford has 1978 issues of SCIENCE CITATION INDEX, for anyone interested.
2. The next consortium meeting will be held at Mercer School of Pharmacy on November 15, 1979. The program will deal with drug information.

The meeting adjourned at 4:45 p.m.

The program was a discussion on methods and policies for determining the need for computer searches.

Respectfully submitted,

OLD BUSINESS:

1. Sharing with the Health Science Libraries of Central Georgia Consortium: Eugenia Abbey is trying to contact the appropriate members of their group to explain our proposal. She will report on the results of the contacts at the January meeting.
2. Exhibit- Sharon Cann told the group that the consortium exhibit is set up at the Omni for the Medical Association of Georgia meeting. She asked for volunteers to help man the booth during the meeting hours.
3. Nominating Committee Report - Miriam Boland, committee chairman, could not attend, therefore forwarded her report to Sharon Cann. Nominations are as follows:

Suzanne Byrne, Vice - Chairman

Sandra Franklin, Secretary

Marilyn Gibbs, Statistician

Elections will be held at the January meeting.

4. Joint storage - Gail Waverchak spoke about the reading she had done in this area and asked for help to do further research. Eugenia Abbey offered to do a computer search, using the Health Planning & Administration data base.
5. Reference list - The group agreed to turn over the reference list to Crawford Long staff, who offered to compile individual lists into one.

NEW BUSINESS:

1. Marilyn Gibbs announced that Linda Garr Markwell is working at the Georgia Hospital Association and weeding their library collection. She also mentioned that the GHA is now sponsoring a telephone communications network called TELENET, and they have given the Georgia Health Science Libraries Association one hour of time: January 18, 10:00 to 11:00 a.m. The group is scheduled for one hour each week.

Gail Waverchak offered to host the January meeting, since St. Joseph's Hospital is on TELENET. The meeting will be tentatively held on January 18, Friday, at 9:00 A.M.

2. Sharon Cann brought up the idea about having a formal liason with the Georgia Hospital Association and other state and local organizations. Discussion was held and one possibility, suggested by Elizabeth Jackson is to have one consortium member per organization. Another suggestion is to have a committee compile a list of organizations to contact about having representatives from our group.
3. Marilyn Gibbs announced that the Southeastern Hospital Conference will meet in Atlanta, at the World Congress Center, April 9-11, 1980. The Georgia Health Sciences Library Association will sponsor a speaker and luncheon. One of the Conference speakers will be Diane Lloyd, who will speak on the use of the Health Planning & Administration data base. Tentative CE courses are the "Literature of health care administration" and "Neoplasia".

The meeting adjourned at 4:55 p.m.

Respectfully submitted,
Gail Waverchak
