This photograph was given to me by Girija Vijay, Crawford Long for the GHSIA news. I told Vijay that it may not be able to be reproduced for the UPDATE. When you are finished with it, will you please return to her. Thanks.

In case you can not recognize them... pictured from left to right are:

Beth Poisson, Morehouse; Maggie Lujo, Crawford Long; and Elizabeth Jackson, Mercer School of Pharmacy. Beth, Maggie and Elizabeth received prizes for having the best costumes at the Atlanta Health Sciences Library Consortium's Fifteenth Anniversary Halloween Party. Girija Vijay hosted the party at her home.

This Spring the AHLSC will again celebrate their 15th anniversary by hosting a luncheon for health care administrators at the Academy of Medicine in Atlanta. More news about this special event will be included in a future issue UPDATE.
